PRICE TEN CENTS

Vote Jabs Bobby Kennedy

WASHINGTON (AP) — Robert F. Kennedy, the New Yorker with the magic name, and Hubert H. Humphrey, the vice president who wants a promotion, suffered home-base setbacks in election day's chain of Democratic losses.

Already billed as rivals for the 1972 nomination to succeed President Johnson, Humphrey and Sen. Kennedy proved Tuesday that a politician doesn't have to be on the ballot to lose.

Johnson had the same problem—and his is more immediate. It begins Jan. 10 on Capitol Hill, when the 90th Congress assembles with a House of Representatives that is virtually certain to put a crimp in his "Great Society" plans.

Humphrey and Kennedy spent the autumn in hectic campaigning, each man out to translate national standing into state votes for Democrats.

Neither achieved notable success.

Brother Of President

Kennedy, brother of President John F. Kennedy, rolled into the campaign riding high, with pollsters rating him more popular than President Johnson.

He campaigned for losers in California, Oregon, Michigan, Wisconsin and Illinois.

The crowds were big, but the votes were not there for Democrats Tuesday.

Humphrey, campaigning hard, hit many of the same states. And in his home state of Minnesota, Humphrey saw the Democrat-Farmer-Labor party he helped to organize buffeted by a near-sweep for Republicans.

Gov. Karl F. Rolvaag, who won nomination in the primary after the party convention repudiated him, was ousted by Republican Harold Levander.

LBJ Corrected

Democratic Sen. Walter F. Mondale withstood the Republican tide.

In New York, Kennedy campaigned for Frank D. O'Connor—who was not his original choice as a gubernatorial nominee—and saw Republican Gov. Nelson A. Rockefeller sweep to re-election.

There were those who said Kennedy would not be unhappy to see a Republican remain in Albany until 1970. At that point, their reasoning went, Kennedy might well run for the governorship himself.

As a sometime campaigner, Johnson claimed the Republicans were afraid to move ahead, and called the Democratic-heavy 89th Congress history's greatest.

Two days before the balloting, Johnson said most Americans favored the kind of programs Congress had enacted, and pronounced himself confident of the outcome.

Today's Chuckle

Pretty Stenographer: "I've figured out why my legs are different from Sophia Loren's. Mine hold me up; hers support her."

Weather

By The Associated Press

ESCANABA AND VICINITY—Rain or drizzle changing to light snow later today with steady or falling temperatures, high around 34. Cloudy and colder to night, low near 22. Friday cloudy, cold with chance of some light snow. Saturday outlook: snow flurries and cold. Winds mostly westerly (8 to 16 mph) and gusty today becoming southwesterly tonight (5 to 15 mph). High yesterday, 35 and low overnight, 33. Precipitation probabilities: Today, 60%; tonight, 10%; Friday, 40%.

Upper Peninsula — Cloudy with occasional light snow or snow flurries likely this afternoon. Mostly cloudy and colder with chance of snow flurries to night. Friday mostly cloudy, light snow west and chance of snow east portion. Little change in temperature. Low tonight 18 to 24. High Friday 24 to 30.

The sun sets today at 5:23 p. m., and rises Friday at 7:42 a. m.

LUCIUS D. AMERSON smiles broadly and makes a victory gesture for the photographer Wednesday after defeating two white candidates in the race for sheriff of Macon County in Tuesday's election. Amerson will become the first Negro to hold a position as county sheriff in Alabama since Reconstruction. (AP Wirephoto)

GOP Governors Gain Position

WASHINGTON (AP) — Republican governors have moved into prime position to pick the party's 1968 presidential nominee after their smashing victories Tuesday.

Prospects brightened, too, that the nominee will emerge from their ranks.

The GOP governors climbed into the driver's seat by winning 35 states in Tuesday's elections. These have an electoral total of 290, more than enough to elect a president. And among the 25 are five of the nation's most populous: California, New York, Ohio, Pennsylvania and Michigan.

By winning big in Michigan, Gov. George Romney moved into the first rank in the nomination sweepstakes. And by taking California from veteran

Democratic Gov. Edmund G. Brown, newcomer Ronald Reagan all at once became a man to reckon with in party circles.

Two other winning Republican governors, Nelson A. Rockefeller of New York and James A. Rhodes of Ohio, also are likely to have a greater voice at the GOP convention in 1968.

Rockefeller has ruled himself out of another try at the presidential nomination, but political observers are wondering if he isn't open to persuasion in the wake of his big comeback victory.

Rhodes has been mentioned as a possible vice presidential candidate and there is no reason to believe he would mind going after the top prize.

When the election day dust had settled, the Republicans had taken over 10 states held by Democratic governors and lost two that were in GOP hands.

Swinging into the Republican ranks were Alaska, Arizona, Arkansas, California, Florida, Maryland, Minnesota, Nebraska, Nevada and New Mexico. Lost to the Democrats were Kansas and Maine.

Sheppard Case Defense Begins

CLEVELAND, Ohio (AP) — Samuel H. Sheppard's defense begins today to offer evidence opposing the state's claim that the former osteopath killed his first wife, Marilyn, in their Bay Village home in 1954.

The state rested its case Wednesday after the jury of seven men and five women heard 14 witnesses in nine days of testimony. Thirty state witnesses were called in Sheppard's first trial 12 years ago.

Sheppard, 42, was freed on bond in 1964 by a U.S. District Court ruling after he served nine years in prison for the slaying. The U.S. Supreme Court ordered a retrial last spring. Sheppard was charged with first-degree murder but was convicted Dec. 21, 1954, of second-degree murder, the charge for which he is being retried.

Witnesses expected to be called by Sheppard's chief counsel, F. Lee Bailey, include Dr. Stephen A. Sheppard, the defendant's brother, and Dr. Paul Leland Kirk, professor of criminalistics and biochemistry at the University of California at Berkeley.

Farm Prices Dip

LANSING (AP) — Price declines for seasonal fruits, wheat, dry beans and corn lowered the index of prices received by Michigan farmers for mid-October, the federal-state Crop Reporting Service says. The index was 280 per cent of the 1910-14 average, down from 272 in mid-September but up from 228 in October 1965.

School Tax Voted

DETROIT (AP) — Detroit schools were assured of an additional \$25 million in revenues spread over the next five years when voters approved a 3-mill property tax increase Tuesday. The tax, approved 191,844-104,576, will go into effect Jan. 1.

Viet Cong Use Gas Grenades On US Patrol

SAIGON (AP) — A U.S. 1st Infantry Division ambush patrol was attacked with Viet Cong gas grenades today, a division spokesman said. It was the first reported use of gas by the enemy in the Viet Nam war.

The patrol had established its ambush pattern five miles northeast of Suoi Dau in the swamp and woodland of War Zone C. Americans have reported more than 800 enemy dead in a week of hard fighting against the Viet Cong 9th Division in that area 65 miles northwest of Saigon.

The members of the patrol, believed to number 30, donned gas masks which are standard equipment, the division spokesman said. The outcome of the attack or possible casualties were not known.

Field officers told Associated Press photographer Horst Faas, who reported the incident, that the nature of the gas used against the patrol was not known. American and South Vietnamese forces have in some cases used nonlethal gas against Communist troops.

Ground action in the area, however, continued to be light. The bloody battle in Tay Ninh Province of Zone C pushed the toll of American dead in the war to nearly double the number the week before, the weekly casualty report revealed.

The U.S. Command announced that 127 Americans were killed last week, 605 were wounded and eight were missing or captured. The week before 66 Americans were killed and 493 were wounded, according to revised figures issued today.

Both South Vietnamese government and enemy casualties were reduced, but the enemy dead did not include the toll in the most recent fighting in Tay Ninh.

At Cam Ranh Bay, across from the huge American air and supply base President Johnson visited last month, an old French wharf collapsed early today, killing possibly 20 Vietnamese and injuring about 100, a U.S. spokesman reported.

The wharf was crowded with Vietnamese workers awaiting transportation to the U.S. base.

Elsewhere in Viet Nam, U.S. Marines launched Operation Pawnee north of Da Nang, and units from two U.S. infantry divisions continued searching for remnants of the Viet Cong division that was hammered and scattered in Tay Ninh northwest of Saigon.

Bad weather prevented U.S. air strikes against targets in North Viet Nam's Red River delta, but 100 missions of Air Force and Navy planes smashed at staging and storage areas down the southern peninsula.

Korean troops announced they had ended Operation Pierce Tiger after killing 1,161 of the enemy.

State Health Director Quits

LANSING (AP) — Dr. Robert Kimbich resigned as Michigan's mental health director today for what he termed "several reasons."

Gov. George Romney, announcing Kimbich's resignation, said the state would conduct a nationwide search for a successor in the \$30,000-a-year post.

Romney said he accepted Kimbich's resignation with great regret. Kimbich said "there is no reason to feel that there will be any stumbling or discontinuity caused by my leaving."

State Pilot Led Skyhawk Strike

SAIGON (AP) — Lt. William Smith of Dearborn, Mich., led a strike of 4 Skyhawk bombers Wednesday against a transshipment point at Vinh Loc, North Viet Nam, the Navy said today.

The attack, launched from the deck of the USS Constellation, left six cargo barges damaged and parts of a bridge in the water. There was one large secondary explosion.

Republican Surge Is '68 Threat To LBJ

MICHIGAN'S REPUBLICANS, Gov. George Romney, left, and Senator Robert Griffin make their victory appearance in Detroit after their opponents had conceded the election to them. Romney defeated Zoltan Ferency with Griffin beating former Governor G. Mennen Williams. (AP Wirephoto)

'Draft Romney' Drive Is Eying Presidential Race

DETROIT (AP) — They're unpacking the leftover presidential campaign literature, buttons and bumper stickers and bringing a presidential draft machine out of mothballs for Republican Gov. George Romney.

Romney is the man who: —Won a third term as Michigan governor with the largest plurality in state history, despite the fact that Tuesday's was an off-year election.

—Helped U.S. Sen. Robert Griffin defeat former six-term Democratic Gov. G. Mennen Williams, who had the blessing of the Kennedys and the heavy backing of labor in this labor-heavy state.

—Helped reverse the political makeup of the Michigan congressional delegation from 12-7 Democratic to 12-7 Republican.

—Rolled back the 1964 Johnson tide which had given the Democrats control of the Michigan Legislature for the first time in 30 years.

Starts in Dallas

While Romney was accepting victory in Detroit Tuesday night, a Romney-for-President drive was being revived in Dallas, Tex.

Sparkplug of the movement is George A. Zimmermann, the president of a similar group that had spread to 20 states before it was rebuffed by Romney in 1964.

Zimmermann, 41, vice president of a computer manufacturing firm, said in a telephone interview Wednesday that "we have been contacting and reactivating our state groups for the past few months."

"I have contacted Ray Bliss,

Republican national chairman and Republican state chairman in all 50 states," he said.

Zimmermann, who has never been in direct contact with Romney, said he also is trying to get in touch with someone close to the Michigan governor.

Forward-looking bumper stickers and placards blossomed forth at Romney's election headquarters late Tuesday.

Staff Disclaimer

Romney and his staff disclaimed all knowledge of them, but reporters noted that the demonstration was carefully planned and coordinated, the placards were of a uniform, professional quality.

The sign carriers waited patiently in the wings until Romney was ready to claim victory, and one sign bearer told a reporter who asked to see her sign:

"We aren't supposed to show them until they say when."

Zimmermann said he had nothing to do with them. At his first post-election news conference, Romney displayed only slightly more willingness than he has shown in the past to discuss the presidential question.

In response to questions about the 1968 GOP nomination, he said:

"I am highly complimented that so many people are thinking of me in this way, but I haven't made a decision... you'll know when I make it."

He refused to go any further.

McNamara For Draft Lottery

CAMBRIDGE, Mass. (AP) — Defense Secretary Robert S. McNamara says a national lottery would help eliminate deficiencies of the present draft system.

In an interview published in the Harvard Crimson Wednesday, McNamara called the current draft methods unsuitable.

"We draft the oldest first," he said. "It's never clear exactly at what age one will be subject to the draft. This makes very difficult the planning of one's life."

McNamara said every 19-year-old should be subjected to the lottery. At age 19, a young man's name would be drawn from a pool. In case of deferment, McNamara said, his name would go back in the pool at the end of the deferred period.

Appeals Court Rules Newspaper Private Business

LANSING (AP) — A newspaper is a private business and has the right to accept or refuse advertising as it desires, the State Court of Appeals ruled today.

The court also held the University of Michigan can be sued for damages, said "the U.S. Constitution does not require law enforcement officers to be blind," and upheld the law requiring practicing psychologists to be licensed by the state.

The court upheld a Calhoun County Circuit Court ruling that The Battle Creek Enquirer and News is not required to accept advertisements for "adult" movies.

McNamara-Wheeler Visit With Johnson

SAN ANTONIO, Tex. (AP) — Secretary of Defense Robert S. McNamara returns to the LBJ Ranch today to confer with President Johnson for the second time in five days.

Flying from Washington with McNamara was Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff.

The Texas White House said only that the three men would "go over a number of military matters."

McNamara was at the ranch briefly last Saturday. He later told a news conference there that draft calls might be cut in half next year and that he expected a slowdown in the buildup of American troop strength in Viet Nam.

The President had three ranch visitors Wednesday: Secretary of the Treasury Henry H. Fowler, Budget Director

Charles L. Schultze and special assistant Joseph A. Califano Jr. They returned to Washington Wednesday night.

George Christian, a Johnson aide, said the President and Fowler talked about budget matters, recent legislation and the secretary's forthcoming trip to Tokyo for the first meeting of governors of the Asian Development Bank.

Schultze was summoned, said Christian, to discuss organizational and management projects while Califano talked to Johnson about staff matters.

There still was no definite word on where or when Johnson would be operated on for removal of a throat polyp and repair of a hernia along the incision from last year's gall bladder-kidney stone surgery.

Christian said the operations would not be performed this week.

Governors Of 25 Key States Are Republican

WASHINGTON (AP) — The rolling impact of a midterm Republican breakthrough offered a fresh threat today not only to President Johnson's legislative program but possibly to his reelection in 1968.

While the GOP was surging to above-average House gains in Tuesday's nonpresidential year balloting, it also was netting from the Democrats eight governors' offices.

This cemented Republican chief executives into political power bases in at least 25 states which will cast 280 electoral votes two years from now—20 in excess of the 270 needed to elect a president.

As final ballot counts stretched out the measuring tape, it became apparent that Johnson and his Democratic administration had suffered a crippling, though not necessarily lasting, defeat in contests where the President had thought Democrats might do very well.

The fact that Republicans will control at least half of the governorships in the next two years doesn't mean they will be able to maneuver their states into the GOP column in the 1968 presidential contest. Voters have a way of making up their own minds about such matters.

Base Broadened

But the mere fact that their party has broadened its base for attack on Johnson's expected re-election bid certainly will make the GOP nomination much more attractive to potential candidates than it has been during the two doleful years since Barry Goldwater's crushing 1964 defeat by Johnson.

Johnson's loss of party strength in Congress was far greater than that sustained by any president two years into his first elective term, since GOP President Herbert Hoover's party lost 61 seats in the 1930 off-year election.

The Republicans nailed down a gain of 47 seats in the House to bring their total to 187. Democrats elected 248 members.

No Comment

The President, resting at his Texas ranch, had no comment on House and governorship losses. He passed the word through an aide that he was somewhat surprised at the Republican gain of three in the Senate.

Richard M. Nixon, former GOP vice president whom Johnson sharply attacked a few days before the election, said results of Tuesday's voting were "the sharpest rebuff of a president in a generation."

And Goldwater said Republican victories were the result of an "LBJ backlash." While this assessment was discounted in some quarters, there was evidence of what might be called "anti-Johnson" sentiment in areas as widely separated as Florida and California.

Oppose LBJ Program

Both of these states elected Republican governors staunchly opposed to Johnson's "Great Society" programs.

Actor Ronald Reagan, who furnished the GOP with a glittering victory in the California governor's race, attributed his success largely to discontent over what he called excessive welfare and government costs, as well as the loss of local government responsibility.

The President's labor allies

Jack Lynch Is Elected Ireland Prime Minister

DUBLIN, Ireland (AP) — Jack Lynch, 49, only man to win six consecutive All-Ireland hurling finals, was elected prime minister today.

The Dail voted 71-64 in choosing Lynch, a lawyer, to succeed retiring Prime Minister Sean Lemass, 67.

Lynch, finance minister under Lemass, was elected leader of their Fianna Fail party Wednesday, insuring his elevation to the top government post.

The other candidate was Liam Cosgrave, leader of the opposition Fine Gael party who ran unsuccessfully against President Eamon de Valera last year.

Plan Observance Of Veterans Day

The observance of Veterans Day, carried out by the 25 million American men and women who have served their country in peace and war, has as its slogan "Peace With Honor."

In Escanaba Veterans Day will be observed on Nov. 11 by all of the Veterans organizations of the community—American Legion, Veterans of Foreign Wars, Disabled American Veterans, World War I Veterans and Amvets.

Members of the several organizations will meet at the Escanaba police station at 10:30

a. m. Friday in uniform if possible, and with caps, for the brief program to be held at Ludington St. and 11th St. at 11 a. m.

Invocation will be given by Archie Wood, a volley will be fired, and taps will be sounded in tribute to those who have given their lives for their country.

At Gladstone tonight a Veterans Day dinner program will be held at the American Legion Hall, with Legion Commander H. A. Erickson presiding. The Auxiliary of the August Mattson Post No. 71 will have a part in the program.

Veterans Day, once called Armistice Day, is described by President Johnson as the opportunity to "honor those who wore that uniform in days past, and those who wear it today."

"We can never repay our debt to them, for it is beyond price," he said.

President Eisenhower signed the bill proclaiming Nov. 11 as Veterans Day. He noted in his first Veterans Day Proclamation that in the intervening years the U. S. had been involved in other great military conflicts—World War II and Korea. These, he said, added millions of veterans to the honor rolls of the nation.

Viet-Nam has added still others. Veterans Day enables a grateful nation to pay appropriate homage to the veterans of all its wars—to "those who have contributed so much to the prestige of this nation."

Olson's article describes how he effectively sells health insurance, and was developed as the result of an inquiry by the magazine's editorial staff to his company's home office in Newark, N. J., requesting company officials to designate a man to submit an article in this particular area. Olson was selected by his company.

Olson has been with Prudential for 19 years and is one of their leading district agents. A perennial qualifier for their regional business conferences, an important part of his success has stemmed from the sale of Major Medical Expense Insurance. He is married and has four children.

Anthony Wilker Taken By Death

MANISTIQUE — Anthony M. Wilker, 63, of Rte. 1 Gulliver, died today at 5:40 a. m. at the Schoolcraft Memorial Hospital.

He was born June 10, 1903, in Poland, and came to this country as a child and settled in New Jersey. Mr. Wilker was a resident of the Manistique area since 1930.

He was married to the former Rosella Lapine June 24, 1944, in Waukegan, Ill.

Mr. Wilker was a member of the Manistique Sportsman's Club and Local 4302, United Steelworkers Union. He was employed by Inland Lime and Stone Co. since 1950.

Surviving are his wife, Rosella, of Gulliver, two brothers, William and John of Kenosha, and a sister, Mrs. John McCloskey, of Racine.

Funeral services will be held from the Messier-Broullire Funeral Home Saturday at 2, with burial in Fairview Cemetery. Friends may call at the funeral home beginning at 3:45 Friday.

Three Deltans Nominated For Student Honor

MARQUETTE — Thirty-five Northern Michigan University students are among the final nominees to the 1966-67 edition of "Who's Who Among Students in American Universities and Colleges." Among those nominated for the honor are:

Junior Don Keskey, son of Mr. and Mrs. Theodore Keskey, 1823 S. 16th St., Escanaba. An honor student, Don has attained a 3.54 scholastic average out of a possible 4.0 and is president of both NMU's Student Government Association and the NMU Student Body. He is a native of Ironwood.

Senior Mary K. Paeske, daughter of Mr. and Mrs. Clyde Paeske, 308 S. 17th St., Escanaba. Miss Paeske is president of the Associated Women Students, past vice-president of the AWS and is active in the Home Economics Club.

Senior Sarah Pineau, daughter of Mr. and Mrs. Angus Pineau, Rte. 1, Box 46, Rapid River. Miss Pineau is an honor student, holding a 3.24 academic index out of a possible 4.0, and serves as a resident assistant.

Two Fined For Shining Deer

Two Gladstone men paid \$82.30 each in Justice A. J. Mortier's court in Gladstone today for headlighting deer in Escanaba Township last night. They are Vernard L. Thorma, 23, of Route 1, and Roger D. Richards, 22, of Route 1. They were arrested by conservation officers at 11:15 p. m. and the rifle in their car was seized.

State Had Fifth Most Car Deaths

DETROIT (AP)—The National Safety Council reported Wednesday that Michigan had the fifth highest number of traffic fatalities among the 50 states during the first nine months of 1966. Michigan had 1,577 highway deaths in the first nine months, 130 more than in the same period last year. California led the nation with 3,525.

\$82,622 In Tax Diversion Funds Are Distributed

Sales tax diversion checks totaling \$82,622 representing the third quarter of 1966 have been distributed in Delta County by Treasurer Anne S. Villeneuve.

Escanaba received \$36,623, Gladstone \$12,535 and the Village of Garden \$904.

Payments to townships were: Baldwin, \$1,539; Bark River, \$3,239; Bay de Noc, \$633; Brampton, \$1,401; Cornell, \$1,025; Ensign, \$1,025; Escanaba, \$3,534; Fairbanks, \$759; Ford River, \$3,113; Garden, \$904; Maple Ridge, \$2,172; Masonville, \$2,986; Nahma, \$1,354; Wells, \$7,842.

Woman Shot In Store Doorway

DETROIT (AP)—A woman, with a five-shot .25 caliber revolver in a holster at her side, was found shot to death in the doorway of her store here Wednesday. Police identified her as Mrs. Katherine Head, 37. The cash register at the store had been rifled, police said.

Jailer To Judge

HOLLAND (AP)—Allegan County Undersheriff Chester A. Ray Tuesday was elected to fill a new Circuit Court seat for Allegan and Ottawa counties over Wendell A. Miles of Holland. The election was decided as the last two precincts reported, with Ray winning by a margin of 22,901 to 22,697.

Delta Charities Campaign Opens Post-Election Push

Delta United Services' campaign for contributions to finance Delta County's 1967 voluntary youth, welfare and health programs is off to the best start ever in the sense of enlarged contributions, says President Archie Freeman of DUS.

"What we need now," said Freeman "with the election past and deer hunting, Thanksgiving and Christmas coming up, is to get moving all across the county in the full campaign of solicitation."

"We have never been so encouraged as we are in the start of this drive by the size of the

first contributions, but they say that one swallow doesn't make a summer and we know that a good start on a fund drive doesn't assure a successful finish."

"With the campaign announced, the goals set, the jobs assigned and the needs defined, what we have to do now is the solid work of the campaign."

"We have divisions of the campaign for governmental, commercial, industrial, educational and professional givers and first returns from these show the giving level higher than in other years, but there is not yet any broad response that indicates the hard work needed to bring us within handshake of our goal of \$67,000."

"After the special divisions complete their canvasses, which are underway now, the house-to-house campaign throughout the county will start on Nov. 28. Persons who give in the divisional drives get stickers to show that they've given and these should be stuck up at their homes so they won't be solicited at their homes."

Freeman said that last year's DUS goal was \$63,000 and that it collected \$47,000. This year DUS has taken on two extra member agencies because of the war and because of services rendered to Delta County without return. These agencies are the USO and the Michigan Children's Aid.

The other agencies which DUS finances are the Red Cross Blood Bank, Child Guidance Clinic, John F. Kennedy School for Retarded, Salvation Army, Delta Family Services, Boy Scouts, Girl Scouts, Camp Fire Girls and Bay Cliff Health Camp.

James Legault, chairman of the commercial drive, reported his own Montgomery Ward Store force the first 100 per cent givers in the division. Freeman said that Harnischfeger Corp.'s corporate gift to DUS would make 4 per cent of the total goal, with employees' contributions still to come.

Death Claims Mrs. Bud Lynts

MANISTIQUE — Mrs. Bud (Gertrude) Lynts, 46, of 109 N. 5th St., died Wednesday at 3 a. m. at the St. Mary's Hospital in Rochester.

Mrs. Lynts was born in September, 1920, in Manistique and was a life-long resident of the community.

She was the former Gertrude Generou and was married to Richard Lynts in July, 1952, at Drayton Plains, Mich.

She was a member of St. Francis de Sales Church.

Surviving in addition to her husband are her mother, Mrs. Madge Generou of Manistique; two sons, Charles and Thomas Babcock of Trenton; three brothers, Lawrence, Bill and Calvin of Manistique; a sister, Mrs. Sylvia Franzell of Trenton and two grandchildren.

Funeral services will be held from St. Francis de Sales Church Saturday at 9 with burial in Fairview Cemetery. Friends may call at the Messier-Broullire Funeral Home beginning at 3:30 p. m. Friday. Liturgical prayers will be recited at 8 p. m. Friday at the Funeral Home.

Home Fire Kills Seven Children

FARMINGTON (AP)—Seven children died today in a fire which quickly turned their frame home in adjoining Farmington Township into an inferno.

They ranged in age from 2 to 12, and, except for 8-year-old Cynthia, were all the children Harold and Rose Palmateer had.

At Grand Rapids, 150 miles to the northwest, four children perished only Wednesday in a fire which authorities said apparently was set by one of them while their parents were at work. Three escaped there as the eldest carried two to safety.

Twelve-year-old Carol Palmateer, led to safety with Cynthia by their mother, died a heroine's death in the Farmington Township fire.

Roaring flames and choking smoke drove back Carol and her mother as they tried to re-enter the front door. Apparently, fire-

men said, Mrs. Palmateer rushed to a neighbor's to call for help after discovering the fire at 2 a. m. and Carol dashed around the house and in through a back door.

But Carol made it only eight or nine feet before collapsing in the intense heat.

Carol's father was at work as a welder in an Evans Products plant in neighboring Livonia.

Within two minutes of the alarm, Police Cpl. Jack Brown reported he was on the scene. He said it was only a couple more minutes before firemen arrived.

"But when I got there," Brown said, "15-foot flames were coming out the windows and door in front. The back door was my only chance, but I couldn't make it more than three steps."

Mrs. Palmateer hysterically told him, Brown said, that a noise awakened her and she found the living room aflame.

She said the fire apparently started in a wall or chair in the northwest corner of the room she had left to retire on, three hours earlier.

The deaths were attributed to asphyxiation and third-degree burns. Brown said the heat had been intense although firemen had doused the flames sufficiently to gain entry within five minutes of their arrival.

Found along with Carol's body were those of Denise and Dennis, 2-year-old twins; Rudolph, 3; David, 5; Susanna, 6, and Lisa, 9.

Hysterical and suffering shock, Mrs. Palmateer was taken to a hospital.

Those who died in the Wednesday fire in Grand Rapids were Larry McClendon, 7; his brother, Willie, 5, and sisters, Anna, 3, and Priscilla, 2. Their parents, Curley and Essie, were at work.

Ozella Ivey McClendon, a 10-year-old half-sister who had been left in charge, carried James, 5, and Austin, 8, to safety, but flames prevented her from re-entering in an attempt to rescue the others.

The Grand Rapids deaths brought to nine the number of children who have perished in Western Michigan fires in the last week.

Mrs. John King Taken By Death

GLADSTONE Mary D. VanDeVelde (Mrs. John King), 84, of Kipling died at 6:30 a. m. today at the Pinehaven Nursing Home where she had been a patient for one month. She had been in failing health for the past year.

Born Oct. 10, 1882 in Belgium she had been a resident of Kipling for the past 60 years. Her husband, John, died Aug. 4, 1956. Mrs. King was a member of All Saint's Church.

She is survived by three daughters, Mrs. Wilfred (Minnie) Cole of Kipling, Mrs. Josephine Ducheny, Kipling and Mrs. Lyle (Alice) Kennedy of Gladstone. Five grandchildren and eight great-grandchildren also survive.

Friends may call at the Skradski Funeral Home after 3 p. m. Friday and the Rosary will be recited at 8 p. m. Friday. Funeral services will be conducted at 9 a. m. Saturday at All Saints Church with Rev. Donovan Mulert officiating. Burial will be in Fernwood Cemetery.

Voters Approve Liquor Sales

By The Associated Press

Voters approved sale of liquor by the glass in more than a score of Michigan communities in Tuesday's election.

A lesser number of communities rejected such liquor sales.

Eskey, Gladstone Sending Seven To College At Sault

Sixty counties in Michigan, 16 other states and Canada are represented in the enrollment at Lake Superior State College of MTU at Sault Ste. Marie.

Chippewa County, the home area of the college, leads all counties in enrollment with 394 students. Other U. P. counties include: Mackinac with 37; Luce, 13. There are 178 full-time Canadian students enrolled.

The total enrollment of 1,182 students is a record for the former Sault Branch of Michigan Tech in Houghton.

Those enrolled from this area include: Judith A. Bourque, Darlene R. Gustafson, Jeanne F. St. Martin, and Roger G. Sundman, all of Escanaba; Gerald C. Brady, Diana M. Ducheny and Thomas A. Payment, Gladstone; Timothy R. Tobin, Gulliver; Janet E. Collins, Anthony R. Ozanich and Irene F. Poloschek, Engadine; William J. Phipps, Chatham; and Kim R. Strawe, Curtis.

Michigan Still Top Car Maker

DETROIT (AP) — Michigan held its position as the nation's No. 1 auto producing state during the 1966 model run, with Missouri and California in runner-up spots.

That was shown today in a survey of output in the 17 states which shared in the 8,606,140 cars built in the 1966 model year.

Michigan accounted for 35.5 per cent of the output, a drop of 2 per cent over its 1965 model showing.

Missouri held onto the No. 2 spot it gained last year, although its percentage dropped slightly, from 10.3 last year to 10.2 this time.

New Jersey replaced Wisconsin as the fourth largest auto producer, with Wisconsin dropping to the No. 5 position.

The production breakdown, tabulated by Ward's Automotive Reports, showed the 1966 model output ran about 236,000 units behind 1965.

Detroit held onto its perennial position as the No. 1 auto producing city, but St. Louis, Mo., edged out Flint, Mich., for the runner-up spot.

Briefly Told

Officers of the Holy Name Booster Club will be elected at a meeting at the school library at 8 tonight.

The Order of Rutenburg will meet tonight at 7 at the VFW Hall. Lunch will be served following the meeting.

Iron Ore Handlers Lodge 400 will hold a union meeting Friday at 7 p.m. at the Eagles Club.

Because of Veteran's Day Friday there will be no immunization clinic at the health department. The next clinic will be held Friday, Nov. 18 from 2 to 4 p.m.

Escanaba police have issued traffic court summonses to James L. Johnson, Bark River Rd. 1, and to Donald A. Litala, Iron Mountain, both for speeding.

Michael B. Krell, 15, of 231 Ogden Ave., Escanaba, suffered minor injuries when the car he was driving went out of control and struck a tree in an alley in the 300 block S. 3rd St. The accident occurred at 7:24 p. m. Wednesday, police reported.

Robert W. Morin, 26, of 1014 2nd Ave. S., is serving a 30-day sentence in the Delta County Jail after being found guilty of entering without permission. Escanaba police arrested Morin after an investigation that disclosed that Morin had entered the garage at the home of the Perry Rosemurgy, 1619 Lake Shore Drive, the night of Oct. 29.

India was conquered by Aryan invaders from central Asia about 3,500 years ago.

WINNERS at the 37th annual Upper Peninsula Potato Growers Association were named at its 37th annual show banquet at Marco's on Wednesday night. From left: Gail E. Bowers, Menominee County Michigan State University Extension director, who was toastmaster; Charles Carey of Channing, top grower of certified seed; Lloyd and Rich-

Kluender Sees U.P. Progress

Carey, Trepaniers Spud Kings

William Kluender, resource development agent of the Chicago & North Western Railway, told the 37th annual U. P. Potato Show banquet at Marco's Wednesday night that the Upper Peninsula is going to stay in the iron ore business importantly.

Kluender looked backward over 25 years of Upper Peninsula economic change in his address to the Upper Peninsula's best potato growers and agricultural leaders. He cited the changes in agriculture, in wood industry and especially in mining.

Today, he said, the Gogebic Iron Range, so bustling a quarter century ago, hasn't a mine operating, but there still is plenty of iron there and "I think it is going to come back into production. And the hardwood forests are further depleted, but we are not at the end of the timber by a long shot.

Future For Ore

"You are going to see Escanaba and the Upper Peninsula continue as big ore production points.

"It is hard to identify just what happens when the economy goes down. There has been a terrific change in employment, in taxes, in family relocations. Part of the economy here couldn't seem to adjust to the changes and un-

fortunately when an area is given the label of 'Distressed' it is given a crutch to lean on. Other parts of the country adjusted to the changes, and you people here tonight represent that kind of society.

"Your agriculture is changing and becoming specialized. This is your route. You have some tremendous agricultural leaders here. I worked in 10 states and met hundreds of agricultural agents and men like Gail Bowers in Menominee County, Joseph Heirman in Delta and Frank Molinare in Dickinson are as fine as you'll find in any of the 10 states. I'm sorry to hear that Molinare is in the hospital.

Need Image

"You have no trouble marketing your potatoes, but here and in your other agriculture you have got to get a new image. Your forest industries are going more out of board (sawmilling) and into fiber (pulp-milling). I hear that you are to get a new (paper) mill (Oxford Paper Co. has announced interest in a U. P. millsite to process Cleveland Cliffs Iron Co. timber) and I hope you get two or three. I believe that you have the wood resources to support them.

"But you must manage your lands for multiple use (wood production and recreation.) We have a lot of conservationists who are really preservation-

ists; they want to lock everything up. Recreation is fine, but don't lock up all the valuable resources you have for it.

"Iron ore is being produced all over the world and the Michigan mines must compete with other areas. Half of the ore that goes over the Escanaba dock is no longer red (natural) ore, it is beneficiated and made into pellets. The Marquette Range now has a greater production than in the heyday of red ore. And the Gogebic is going to live to see the day when it is important again and the Menominee Range is going to increase its production."

Farms Growing

Kluender praised Michigan Tech and Northern Michigan University for amazing contributions to education and lauded Delta County on its Bay de Noc Community College. They all help to cut the "brain drain" of bright young people away from the Upper Peninsula, he said.

Gail Bowers was toastmaster and Valere Vandamme, president of the U. P. Potato Producers Association, which sponsored the show with the Escanaba Chamber of Commerce and Michigan State University Extension Service, welcomed the diners.

"The number of potato growers is getting smaller, but they're growing more, so I

Snow, Boycotts Hurt Supermart

NEW YORK (AP) — Winter and housewives' boycotts are extending an icy finger into the supermarkets.

Snow and subfreezing weather have cut into the last of the apple crop in New York, and frosty weather has limited potato digging in Idaho.

Even Florida has been touched by freezing weather, causing light damage to some vegetable crops.

It adds up to diminishing supplies of fresh fruits and vegetables, and thus higher prices.

Meanwhile, armies of women have been picketing and boycotting foodstores in an attempt to force lower prices.

William G. Hildebrand, executive director of the New York State Food Merchants Association, said the demonstrations usually caused a 10 per cent decline in business of picketed stores.

Sales of the nation's food chains were up 6 per cent from 1965 in the week ended Oct. 28. The two previous weeks they had been up 9 and 10 per cent.

In Pennsylvania, two retail milk operators have taken advantage of the protests over food prices to set up cut-rate

milk stores, selling milk for 79 cents a gallon.

That is 21 cents below the control level, and the Pennsylvania Milk Control Commission, which sets minimum retail prices, has ordered an investigation.

Housewives in some areas have called off their boycotts, but others still are springing up from New York to Hawaii.

New York City Councilman Matthew J. Troy Jr. has called for a one-day boycott of all chain food stores during the week before Thanksgiving.

Police Vote On Union Choice Set For Nov. 17

Arrangements have been completed for conducting an election among Escanaba police patrolmen and sergeants to determine which union will represent them in collective bargaining with the city.

Carl York, Michigan labor mediator, and City Manager George Harvey, conferred on the mechanics of the election which will be held Thursday afternoon, Nov. 17.

The secret vote on paper ballots in polling booths will be in the Council Rooms at the City Hall 2:45 to 3:15 p. m. The election will be supervised by York for the Labor Mediation Board.

The officers will vote on whether to: 1—Be represented by the Teamsters Union Local 328; 2—Be represented by the American Federation of County and Municipal Employees; 3—Or be represented by neither.

Join the Unswitchables. Get the filter cigarette with the taste worth fighting for. Tareyton has a white outer tip ... and an inner section of charcoal. Together, they actually improve the flavor of Tareyton's fine tobaccos.

Industrial Grant:

City Gets \$93,500

The extension of sewer and water facilities to Escanaba's industrial park area north of the C&NW Railway overpass along U. S. 2-41 will be assisted by a federal grant of \$93,500.

U. S. Senator Philip A. Hart advised the city of the Economic Development Administration's approval of the grant to expand water-sewer facilities in the North Escanaba area.

The city will match the grant for a total cost of \$187,000. The construction will involve a sewer lift station, extension of water-sewer lines to serve the areas zoned for industrial and commercial development.

Tract Of 60 Acres City Manager George Harvey said the grant will enable the city to extend the utilities to a 60-acre tract that has an excellent commercial and industrial future. Some sections of the area on the bay side of the highway have already been served with utilities and roads and have attracted new industries.

One of the latest is the William Buckbee label printing

plant now under construction at 2300 20th Ave. N. The building has 20,000 square feet of floor space.

There is the expectation that additional industries will be attracted to the industrial area on the west side of the highway as the water and sewer facilities are extended there with the help of the federal grant.

"Perhaps it will be February or March, 1967, before it will be possible to advertise for bids for the water-sewer extension project," said City Manager Harvey.

Part Of Budget

"The main part of the project is the construction of the sewage lift station, which will be on the west side of the highway beyond the C&NW overpass and just south of the Danforth Road. The trunkline sewers will be extended into the area and the laterals can be put in as the need arises later."

The matter of financing the city's share of the project—a local cost of \$93,500—is not an immediate problem, Harvey said.

"Our cost can be considered by the Council as part of the budget for the coming fiscal year," said Harvey. "The funds are paid out over a period of time as the contractor progresses with the work." The City of Escanaba ac-

quired the industrial park area by purchase from the federal government nearly 20 years ago.

Was Ore Dock Site In World War II the government obtained a large area of land and bay shore frontage between Wells and Escanaba, the site for proposed ore yards. An ore loading dock was constructed as "insurance" in the event of damage to the locks at Sault Ste. Marie, through which the ships passed in carrying vitally needed ore to the smelters on the lower lakes.

The government ore dock at Escanaba was never used and was sold, razed, and the timbers were sawed into lumber.

The City of Escanaba foresaw the opportunity to obtain a site for future industries and purchased the land. The sewer-water line extension lies in part on properties and across rights of way not owned by the city. A part is on the E&LS Railroad, and crossings of the C&NW Railway and Highways U. S. 2-41 and M 35.

Airlift Mail For Overseas

Escanaba Postmaster James E. Pryal today announced that henceforth all first class mail, personal sound recordings (voice letters), and parcels weighing 5 pounds or less and measuring not more than 60 inches in length and girth combined, will be airlifted on a space available basis between the United States and all military post offices overseas.

Also, under Public Law 89-725 second class publications such as newspapers and magazines published weekly or more often, and featuring current news of interest to the military, will be airlifted from San Francisco to the armed forces serving in Viet Nam.

Postmaster James E. Pryal explained that parcels weighing 5 pounds or less and not exceeding 60 inches in length and girth combined, paid at surface rates, will be moved by surface transportation within the United States from the points of mailing to the port of embarkation.

To speed up separation and delivery of these smaller parcels falling within this category, Postmaster General Lawrence F. O'Brien directed that all parcels be clearly marked upon acceptance at the post office with the letters SAM (surface airlift mail).

This will eliminate the task of reweighing and measuring the parcels at the San Francisco Concentration Center prior to dispatch to Viet Nam or other overseas military post offices.

Postmaster Pryal also reminded mailers that Christmas parcels weighing 5 pounds and under, though they are given airlift priority from San Francisco to Viet Nam on a space available basis, should be mailed no later than Dec. 1. Airmail, he said, should be sent no later than Dec. 10.

The deadline for Christmas packages weighing more than 5 pounds going to Viet Nam and other overseas military post offices by surface means is Nov. 10.

Political Arena Needs Teachers Says NEA Leader

DETROIT (AP)—The political arena needs teachers and students may benefit from the idea, the Michigan Education Association was told in Cobo Hall here.

About 8,000 teachers, about half the number anticipated before a snowstorm plowed through Southern Michigan, heard a national education leader call for teachers to be "active, informed, responsible citizens."

Such citizens, said Lois V. Edinger, past president of the National Education Association, belong in politics.

"Some seek to keep teachers from being active in politics," she said. "It seems to me they are practicing a form of discrimination. Why teachers? Why not doctors or lawyers?"

Miss Edinger said those who claim politically committed teachers will indoctrinate their students have no cause for fear. "What if they do influence children?" she asked. "I hope our teachers do influence children to be active, informed, responsible citizens."

Another speaker, Dan Dodson, director of the New York University Center for Human Relations and Community Studies, said suburbia is insulating itself current history — the revolutions in the inner city of urban areas around the nation.

"In every great inner city the encounter is being joined," he said. "The issues being settled there will set the direction of the great country for decades ahead."

"White, middle-class American can withdraw to suburban turfs and sit out the encounter and not get contaminated with its turmoil and tensions," Dodson said. "This it cannot do, however, and not have history pass it by."

He said middle class whites have flocked to the suburbs for two decades, hardening social class lines, creating "black and white checkerboards" of racially homogeneous communities and increasing the demand by parents for children to achieve good school marks.

"Long automobiles, big houses and big boats no longer show off status," Dodson said. "Hence, the only thing that helps to 'lord it over' one's neighbor is for the children to make better grades."

Pet Boa Dies

HANOVER, N.H. (AP)—Sadie the boa constrictor owned by Dartmouth College student, Weems Westfield, 21, of Denver, Colo., was found dead recently under a sun porch at the Zeta Psi fraternity house. The snake had disappeared into the house's woodwork months before.

'Don't' List For Hunters

For more or less obvious reasons, some methods of hunting and some devices must be prohibited. Here are the important things you may not do:

- (1) You may not hunt from a car, aircraft, boat or float of any kind that is propelled by engine, motor or sail.
- (2) You may not hunt deer or bear with dogs during the deer season.
- (3) You may not shoot deer or bear when they are in the water.
- (4) You may not use artificial lights such as spotlights, flashlights, or car headlights to take game. (Shining these lights to locate game is prima facie evidence of a violation and therefore you will be subject to search by a conservation officer.)
- (5) You may not set fires to drive out game.
- (6) You may not hunt from a tree, raised platform or scaffold.
- (7) You may not use a snare, trap, cage, net, pitfall, dead-fall, salt, drugs, poison chemicals, smoke, gas, explosive, crossbow, or mechanical device other than a gun or bow and arrow.
- (8) You may not shoot game birds or animals other than deer or bear on your deer or bear license.

He Just Rode

PHOENIX, Ariz. (AP) — Woodrow Dixon, 54, pulled in Wednesday from Luna, N.M., after a seven-day, 300-mile ride by horse.

Dixon, who is visiting a son, Robert, in Phoenix, said, "The horse did it — all I did was ride."

Kelley Is Judge

MONROE (AP) — James J. Kelley defeated Harry Lockwood to fill Monroe County's newly created circuit judgeship, 12,000-11,006.

Jets Coming In 1967

Airline Honors George Douglas

North Central Airlines honored George S. Douglas, general manager of the Escanaba Division of Mead Corp., at a luncheon in the House of Representatives on Wednesday which heard a forecast of jet air service for the Upper Peninsula next year.

Because the North Central executive plane bearing Vice President Frank Buttermore was held at Minneapolis by bad weather, James Palm of Green Bay, regional sales manager for the airline, made the presentation of the citation from NC President Hal N. Carr to Douglas. It cited the industrialist for his continuing interest in the development of airline service and his assistance to North Central. Douglas was named a presidential advisor of the airline. A dozen community leaders were guests of the airline at the luncheon program.

Delayed By War
Palm told the group that North Central's plans to institute jet airliner service on its routes, including the Upper Peninsula, have been delayed two to three months by the war in Viet Nam's demand upon airplane jet engine makers.

The first deliveries of new Douglas DC9 jets had been scheduled for January, 1967, but the present prospect is that they will not be delivered until March or April.

Twenty jet flights a day between Green Bay and Chicago had been scheduled for late summer or early fall, with consideration of extension of the jet service into the Upper Peninsula.

A complicating factor in the start of jet service, besides the war-caused delay in engine delivery, is the readiness of Upper Peninsula airports with 6,500 foot runways to accommodate the jet airliners. Escanaba has acquired land for extension of its airport and City Manager George Harvey told

JAMES PALM, right, regional sales manager for North Central Airlines, Green Bay, Wis., presents a citation and designation as a presidential advisor to George S. Douglas, manager of the Escanaba Division of Mead Corp., at a luncheon of civic leaders in the House of Representatives on Wednesday. The airline instituted its presidential advisor program in 1954 as a means of recognizing outstanding business and civic leaders who have contributed to the development of scheduled airline service. (Daily Press Photo)

the luncheon group that the State Department of Aeronautics is planning authorization for start of construction on the jet runway extension next fall. Marquette, Iron Mountain and Menominee-Marquette are all planning airport expansion to accommodate the jets.

Convert Convoys
Palm said that North Central is not only buying new 99-passenger DC9 jets, but that it

is also converting all of its present Convair 440s to jet power. They will emerge from this repowering as Convair 580s with their seats increased from 48 to 52 and their speed boosted to 350 miles an hour. It takes from two to three months to convert a Convair and there are now 5 of them in the process and when they're ready 5 more will follow until all of North Central's Convoys are converted to full turbine power by 1968.

Not Much Faster
Palm said that the present prospect is that the Convair 580s will go into service first on the Green Bay-Chicago segment, awaiting the arrival of the first DC9s and that there was "over an 80 per cent chance of jet service for the U.P. in the late summer or fall of 1968."

If posters were present prohibiting trespassing without permission, they could be peppered with birdshot or torn down. If a farmer's barway was the only convenient place for parking a car, the car could be parked and the farmer left with the problem of getting his cattle out.

Such irresponsible behavior, all apparently based on the belief that the hunter has all the rights and the landowner none, has resulted in the mass posting of land and strained relations between both parties. There is no question that the sportsman has lost ground in the skirmish.

Fewer sportsmen seem to exert effort to understand the landowner's position. They view land posting as a hostile act, an indication that the property owner is against hunting and fishing. They fail to see such action as a defensive measure, a final resort on the part of any self-respecting man to protect what belongs to him.

Courtesy Aids

Many sportsmen will find, if they take the time and trouble, that a landowner will gladly allow hunting or fishing if he is asked for permission, regardless of the signs that might rim his property. He needs only to know that you hold some respect for him.

Sportsmen cannot afford to ignore this problem much longer, or to fight it with hostility or vandalism. Land is being swallowed up too rapidly by commercial developers. That which is still suitable for hunting need not remain idle and wasted behind "No Trespassing" signs.

The man who trespasses upon another's property without permission, or abuses it in any way, would be the first to post his land if the situation were reversed.

Carpenters Back At Westinghouse

GRAND RAPIDS (AP) — An eight-day strike ended here Wednesday at the Architectural Systems Division of Westinghouse Corp. when some 60 workers returned to work without a contract.

The employees, 40 members of Local 338, Carpenters and Joiners Union and 20 others who do not belong to the union, walked off the job Nov. 1 protesting wages, job classifications and company discipline policy.

The union's contract expired Oct. 31. Company spokesman said the employees agreed to work as long as negotiations continued. The firm manufactures movable office partitions, environmental rooms and insulated doors for computer rooms.

Scope Adds To Hunt Safety

Shooters who look to a telescopic sight for added shooting pleasure are apt to think more in terms of accuracy and increased success than anything else. They're forgetting the most important factor in hunting — safety.

There's no guesswork involved when a man hunts with a scope-mounted rifle, little chance for mistaken identity. When he throws his gun to his shoulder he knows at a glance what his target is. He gets a real close look before he shoots.

The same cannot be said for the man who hunts with open sights. He must rely on normal vision to tell him that what he sees is a legal target.

A scope provides the shooter with the means of positive identification. He automatically takes a second or two in which to glass his target before pulling the trigger. This safety factor alone is ample reason why any man who hunts with a rifle should want to equip that rifle with a quality scope sight.

There are other advantages to using a scope. This tubular instrument, with its magnifying lenses and light-gathering power, provide a larger, clearer target for the shooter. Because it does gather and concentrate light, hunters are afforded extra hours of safe hunting in dark, wooded areas and during approaching twilight hours when visibility is poor.

Hunters Urged: Keep In Touch

Michigan deer hunters who hope to keep in touch with their families at home in case of emergencies are reminded to register their northern hunting addresses at the nearest field or district offices of the Conservation Department.

After signing in with the Department, each hunter should contact his family, giving the phone number of the conservation office where he is registered. In this way, conservation field workers can relay urgent messages with time-saving speed.

As another means of helping the Department in its service of delivering emergency messages, hunters camping on state lands are required to post registration cards at their sites.

Politicians Seek Erhard Successor

BONN, West Germany (AP) — The candidate of the Gaullist faction of West Germany's Christian Democratic party was the front runner today as the party's members in Parliament prepared to meet to nominate a replacement for Chancellor Ludwig Erhard.

Support from the Christian Democrats' Bavarian wing gave an edge to Kurt Georg Kiesinger, 62, minister president of the state of Baden-Wuerttemberg. But his links with the Nazis made it far from certain that he

would get the nomination, particularly since political leaders are worried over gains made in the Hesse state elections last Sunday by a new far-right party, the National Democrats.

To elect their nominee chancellor, the Christian Democrats will have to get the help of either the Socialists, in opposition since 1930, or the Free Democrats, Erhard's former coalition partners. The Christian Democrats have 245 votes in the Bundestag, four short of a majority, while the Socialists have 202 and the Free Democrats, 49.

The Law Reminds Us

Hunting Is Not A Right

Michigan Out-of-Doors

One of the major fallacies handed down by sportsmen from generation to generation is the belief that hunting (or fishing) is a right rather than a privilege.

The origin of this misconception is not clear but more than likely it stems from the fact that fish and wildlife are the property of the state and therefore available to the public for harvesting.

The latter premise is indisputable, but it does not automatically grant a hunter or a fisherman the right to enter upon another man's land without the permission of the owner. The game may be public property, but the land is private.

The landowner - sportsman problem did not present itself in major proportion until after World War II when land suddenly became a highly profitable item for speculation or investment and an increased interest in hunting swelled the

rank of sportsmen to record number.

Post Properties
Some landowners needed only this increase in hunting pressure as an excuse or reason to post their properties. Others, reluctant to follow suit because they either fished or hunted themselves, waited with tolerance. They didn't have long to wait.

With the new breed of sportsman came a peculiar brand of behavior. It embraced the belief that a hunter or a fisherman had the unquestionable right to venture upon another man's property, whether that property was posted or not.

Pepper 'Em
It also included fringe benefits. If a fence blocked access, it could be cut. If a pheasant broke cover too close to the landowner's house, the harvest of that bird was more important than the safety of inhabitants within, or the property damage that might result.

Women's Activities

B. & P.W. Club Hears Talk On Life In Taiwan

"A blending of ancient customs with Western practices is evident in the lives and culture of the people of Taiwan," members of the Escanaba Business & Professional Women's Club were told by Mrs. Paul and Peter Brien at their meeting held last evening at the Sherman Hotel. Mrs. Lou Morin, chairman of the World Affairs Committee, presented the speakers.

Frs. Paul and Peter, the twin sons of Mr. and Mrs. Arthur P. Brien, 1812 S. 16th St. are Maryknoll Missionaries serving separate parishes in the province of Taiwan on the island of Formosa. They returned to the states the past summer, their first visit home in five years. They plan to return to Taiwan in December.

There is no formal wedding ceremony in Taiwan with a clergyman or justice of the peace officiating, they said. The bride, who can not be distinguished from an American bride in her traditional white bridal gown, merely accompanies the bridegroom to his home with her attendants for a wedding dinner. Several days later the bride and groom return to the home of the bride's parents for a dinner with her family. Brides of a Roman Catholic or Protestant faith are married in churches.

Speaking to the members of the B&PW Club, they said that women in Taiwan usually have no business occupation other than sewing in their own homes.

The larger cities have two or three hospitals and all doctors maintain to some extent their own hospitals in connection with their offices, even if it is just two or three beds. They also make and sell their own medicine. The two major illnesses in Taiwan are tuberculosis and worms.

Attendance in schools is compulsory through the 6th grade and because of the lack of school facilities, 1/2 of those completing the 6th grade may enter junior high school; 1/2 of those completing junior high may enter senior high school, and 1/2 of the graduates of high schools may enter college.

The young people who are not eligible to complete their schooling remain at home until they are 14 or 15 years of age when they try to obtain employment. Girls working in factories manufacturing clothing will earn up to 25¢ a day. Boys who train under a carpenter for 2, 3 or 4 years, will receive \$1.00 a month. At the present time young women will marry by the time they are 21 years of age.

Modes of transportation include the bicycle, motorcycle, taxi, motor buses and trains. Because of lack of employment, very often a husband will live and work in one town, going home only 1, 2 or 3 times a year. They have very little family life.

Guests at the meeting were Mrs. Adeline Berger, Mrs. Robert Leveille, Mrs. Sam Rouman, Joanne Karasi, Josephine Saykily, Marge Saykily, Mrs. Nellie Womuk, Sandra Wick, and Mrs. Frances Gosselin, a member of the Munsing B&PW club.

President Elsie Anderson conducted the business meeting following the program.

Cornell

4-H Club Meets

The regular monthly meeting of the Cornell Tots and Teens 4-H Club was held on Monday evening with President, Irma Woodward conducting the business meeting. The group practiced Christmas songs as there will be only one meeting before Christmas. The Christmas party will be held on Monday, Dec. 12. Any members who wish to go caroling with some of the church groups in the community are asked to contact Melissa Rose. Junior leaders met after the meeting to make further plans for the county-wide junior leader meeting to be held on Saturday, Nov. 19 at the Cornell Town Hall. Mrs. Phil Lippens, adult recreation leader, led the group in games. Junior leaders will have a special meeting on Monday evening, Nov. 14 at 7 p.m. at the town hall.

Mrs. Richard VanAcker (Delta Studios)

Diane Barron Bride Of Richard VanAcker

Miss Diane Marie Barron of Rte. 1, Cornell, became the bride of Richard Julian VanAcker of Rte. 1, Gladstone during a double ring wedding ceremony performed Saturday, Oct. 22 at Holy Family Church in Flat Rock.

The Rev. Thomas Andary officiated at the nuptial Mass at 2 o'clock in the afternoon.

The bride is the daughter of Mr. and Mrs. Loren Barron of Rte. 1, Cornell and parents of the bridegroom are Mr. and Mrs. Julian VanAcker.

Brocade Satin
The bride designed and made her floor length gown of brocade satin fashioned with long sleeves, Empire waist and a detachable train which extended from the shoulders. A queen's crown trimmed with pearls held her illusion veil and she carried a bouquet of white carnations and red roses.

Mrs. Clyde VanAcker served as maid of honor and bridesmaid was Mrs. James Barron. They were attired in floor length gowns of royal blue brocade satin and they carried arrangements of yellow and bronze pompons.

Little Kim Marie Barron, niece of the bride, was flower girl and she wore a light blue satin brocade dress made by the bride.

Bestman for his brother was Clyde VanAcker and groomsmen was James Barron, brother of the bride. Seating the guests were Harvey Fournier

HINTS FROM Heloise

By HELOISE CRUSE

Dear Heloise:
Just a tip to those who have trouble washing their back in the bathtub.

Tie a knot in the middle of an old nylon stocking and drop in pieces of soap.

Tie another knot close to the soap, then see saw the soap-stocking back and forth while in the tub.

It also works on the back of the head and neck.

Cliff

★ ★ ★

Dear Heloise:
Try putting a buttonhole in the two corners of one side of your dish towels. Make one strap with a button on each end to serve as the waistband for all the towels. Now you'll always have an instant apron!

G. L. W.

Heloise welcomes all mail, especially household hints which she can pass on to readers as space permits. However, because of the tremendous volume of mail she receives daily, Heloise is unable to answer all individual letters. She will answer readers' questions in her column whenever possible.

Wells 4-H Club Plans Parties

On Monday, Nov. 7 the regular meeting of the Wells 4-H Club was called to order at 7:30 p. m. by President, Chris Larson.

Under old business the members discussed the sale of calendar towels and it was decided that all proceeds should be in by Nov. 22.

Under new business plans for the Christmas parties were made. Girls in the 4th through 6th grades will have their party on Dec. 9 and the older girls 7th grade and up will meet Dec. 16. They can also invite a friend. Lunch was served by Valerie Mileski, Sandy Plave, Jerri Lynn Harris, Pat DeMars and Paula Dahlgren. Recreation was directed by the Junior leaders.

On Saturday, the Junior leaders accompanied by Mrs. Clifford Larson, attended a 4-H Workshop at the Bark River-Harris School.

Church Events

First Methodist

Friday, Nov. 11, 6:30 p.m.—Senior High Fellowship will have a hayride. Members are to meet at the church.

Guest speaker at Rapid River Congregational Church Sunday 10:30 a. m. worship service, will be Lowell Fox of the American Bible Sunday School Association. Rev. Philip C. Meili, pastor of Rapid River Congregational, will be serving the Congregational Churches of Fayette, Cooke, and Garden on Sunday. These churches have been without a resident pastor since Rev. Neil McElhiney left for a pastorate assignment in Lower Michigan this summer. Rev. Meili will perform the communion services of the Church for the East Delta Parish.

Houghton Repels Status As City; Judges Elected

The Village of Houghton will not become a city. Sault Ste. Marie will get a new \$196,000 storm sewer, but not a requested five mills for operation of its school system. And Ontonagon completed financing of a proposed new high school.

Those were some of the results Wednesday in Upper Peninsula contests on the November general election ballot. In addition, two new Circuit Court judges were elected and many cities chose councilmen.

Voters in Portage Township of Houghton County rejected 1,029 to 788 a proposal which would have allowed incorporation of Houghton as a city. A spokesman for the village council said the result considerably dampened plans to revitalize the community.

At Sault Ste. Marie, the storm sewer bond issue won by nearly a 2-1 margin, 2,184 to 1,127, according to unofficial returns, but voters turned down the school district request.

Board Unhappy

It was the second time a five-mill request had been rejected. "We are not pleased with the outcome of the election for additional operating millage," said Maurice Strahl, president of the school board. "It is disappointing to know that this is what the public wants for the young people of Sault Ste. Marie."

He did not specify what cut-backs in program might have to

be made because of the defeat. Voters at Ontonagon, however, gave approval to an additional \$650,000 bond issue to complete financing of a new high school for Ontonagon, Rockland, Greenland and Mass. The proposal was necessary when bids on the educational complex approved last September came in 25 per cent over the estimated \$2.15 million cost.

New Judges Named
The two new Circuit Judges for the Upper Peninsula are Stephen Conden, former Houghton County prosecutor, in the 12th Judicial Circuit and Donald L. Munro, Ontonagon attorney, in the 32nd Circuit.

Conden defeated Gordon Jaaskelainen, Keweenaw prosecutor, by a 9,004 to 6,695 margin, while Munro beat Ironwood attorney Bernard E. Larson 7,041 to 5,561 for the post vacated by Robert R. Wright. Conden replaces Judge Leo J. Brennan, who has taken another position with the Great Lakes Region of the Office of Economic Opportunity.

In another financing election, voters of Houghton County approved bonding \$750,000 for a County Medical Care facility. Local funds will be used on a matching basis with federal Hill-Burton funds to build an addition and remodel the existing sanatorium building.

Brummen Elected

Municipally, Marquette elected Leonard W. Brumm, coach of the Marquette Iron Rangers hockey team in the U.S. Hockey League, Lloyd H. Price and Dewey J. St. Cyr to the City Commission. Brumm drew 2,672 votes, Price 2,574 and St. Cyr 2,212 to win the three two-year terms available in a six-man race.

In the closest contest of the day, Richard R. Bur, former city commissioner, nosed out NMU history professor, for a place on the Marquette Board of Light and Power. Unofficial total was 2,089 to 2,087.

In other municipal contests, Negaunee elected Mayor Vanni and Albert Hendrickson to the City Council and turned down a proposal to amend the city charter to allow a pay increase from \$6 per meeting to \$10 per meeting for councilman's salary. Crystal Falls elected Hubert West and Anthony Carlotto to the city council, and Hancock voters chose Fred Paulson, Dan Arens, Rob Roy, Rance Mason and Gabriel Masini to its city commission.

At Niagara, Wis., voters approved fluoridation of the city water supply by a 466 to 354 count.

Democrats Recalling Cavanagh Prediction

DETROIT (AP) — The man who lost early in Michigan's elections this year may be the one who wins later.

The early loser was Detroit Mayor Jerome Cavanagh, who dared to challenge former six-term Gov. G. Mennen "Soapy" Williams in the Democratic senatorial primary.

Cavanagh took a beating, but not before he got in a few solid hits about the need for Democrats to take another look at where they are going rather than where they have been.

Williams, who had come to be regarded as "Mr. Michigan Democrat," belongs to a past generation of politicians who have served their time well but should now make room for some younger talent, Cavanagh implied.

In the wake of an election that proved disastrous for their party, Michigan Democrats are now recalling Cavanagh's warning that a Senate seat is too valuable to waste on nostalgia or to pay off old political debts.

"You don't make progress by looking back," said the mayor. If a struggle for party power now develops, Cavanagh could emerge as the spokesman for the new generation of Democrats dedicated to the proposition that times have changed.

"Yesterday's politics won't solve tomorrow's problems," Cavanagh says.

The 35-year-old mayor has given no indication as yet, however, that he is ready and willing to resume his struggle against the forces of labor which wield considerable power in the party.

It showed that although Williams captured 65 per cent of the labor vote, there was a switch of about six per cent to the Republican candidate compared with 1964.

Cavanagh and Michigan AFL-CIO president August Scholte, one of the most outspoken Democratic leaders, are not enemies on the friendship of terms. During the primary, Scholte said: "Jerry Cavanagh is not a young man both in years and in

PARTLY SUBMERGED and lashed by waves, a tug of the Gallagher Marine Co., Escanaba, is pictured on the rocky shore of Lake Superior at Marquette before it was released and hauled out. A Gallagher barge, also anchored about 1,300 feet off shore from the Marquette steam plant, was beached at the same time. Gallagher is subcontractor for Bulema Dock &

Dredge Co., Manistee, which is deepening the harbor adjacent to Marquette's new municipal coal dock. The vessels beached the night of Nov. 2 in winds up to 50 miles an hour. They were not seriously damaged. (Mining Journal Photo)

Kurt Kiesinger, German Leader

BONN, Germany (AP) — West Germany's dominant Christian Democratic party today chose Kurt Georg Kiesinger, minister-president of Baden-Wuerttemberg, as its candidate to succeed Chancellor Ludwig Erhard at the head of the federal government.

On the third and final ballot, Kiesinger won 137 votes, against 81 for Foreign Minister Gerhard Schröder and 26 for Rainer Barzel, the party's parliamentary leader.

Kiesinger said in a radio broadcast that he would try to deal with both other parties — the Socialists and the Free Democrats — to get a majority in the Bundestag. He himself is not a member, but a seat can be arranged for him.

He asked to be excused from saying anything about his political program.

After the Christian Democrats, the Socialists have the largest delegation in the Bundestag, 202 votes. The Free Democrats have 40.

Kiesinger, though widely criticized for his service under the Nazis in World War II, led the count from the beginning. On the first ballot he had 97 votes to Schröder's 76, with 56 for Barzel. There were also 14 votes for Walter Hallstein, head of the executive commission of the European Common Market.

On the second vote Kiesinger's total rose to 118, with 80 for Schröder, 42 for Barzel and only three for Hallstein who then dropped out.

Bankers Attend Functional Cost Analysis Meeting

Douglas R. Hollweg, assistant vice president, Bank Relations Department, and Mory Anderson, functional cost analyst of the Federal Reserve Bank of Minneapolis, were guest speakers of the Lake States Chapter of NABAC (Association of Bank Audit, Control and Operation) Wednesday evening at the Dickinson Hotel in Iron Mountain.

The topic of the panel was on "Functional Cost Analysis", a program made available by the Federal Reserve Banks to all their participating member banks to develop bank cost and earnings information in a form that will assist bank management with policy and operating decisions. Currently any member bank of the Federal Reserve may participate in this program by submitting the data in the required form and the Federal Reserve Bank acts as a clearing house for the information; editing the worksheet data and providing the computer facilities for processing the individual bank report.

Over 50 bankers belonging to the Lake State Chapter of NABAC attended, including from this area: First National Bank & Trust Co., August Bransau, William Servant, Mrs. Mae Frenn, Mrs. Irene Hogan, Bernice Larson and Ronald DeVos; State Bank, Arthur Arch, Miss Louise Roberge and H. H. Dubbelde; Escanaba National Bank, Matt Smith, Jesse LaViolette, Lowell Hubbard, Jim Schultz and Bud LaViolette; Gladstone First National, William Norvus, Tom Davis and Loyal Hanson; Gladstone State Savings, Alvin Bjorklund.

Europe Sees No Comfort To Reds In US Election

LONDON (AP) — European commentators today saw a gloomy prospect for President Johnson's "Great Society" in the results of the American elections but no comfort for the Vietnamese Communists.

Communist China and North Vietnam had no comment. The Viet Cong said before the results were in that the outcome would have no effect on the war. The New York correspondent of Pravda, the Soviet Communist party newspaper, took the same line today.

The Times of London said U.S. voters "have now called a halt" in Johnson's social program.

West Germany's Frankfurter Allgemeine Zeitung said the Johnson administration "will now have a more difficult time. It will have to compromise more, if far-reaching plans are not to come to a standstill."

Editorial writers were careful to point out that Viet Nam was not a specific issue in the campaign.

Pravda said the "failure of many candidates from the Democratic party, of course, does not mean that the victors are opponents of a sound foreign policy." The party organ's New York correspondent said American voters were particularly dissatisfied with the Democrats' foreign policy but there is "no end in sight" to the war.

Briefly Told
County Clerk William E. Butler indicated today that complete canvass of Delta County's 37 precincts from Tuesday's general election could take until next week to complete. Canvass began at 11 a. m. Wednesday and was proceeding this morning.

Application for a marriage license has been made at the County Clerk's office by John Michael Healy, 716 Ludington St., and Jane Leverage Godfrey, 507 Minnesota Ave., Gladstone.

Chicago Prices

AT&T Ordered To Raise Telpak Services Rates

WASHINGTON (AP) — The Federal Communications Commission again has ordered American Telephone & Telegraph Co. to bring its Telpak rates into closer alignment with its more expensive private line rates.

AT&T has interpreted this as meaning higher prices for Telpak users, rather than lower prices for private line users. Telpak is a package of communications lines for voice, teleprinter, photo and other transmissions.

The immediate order affects only the smaller Telpak services known as "A" and "B." The fate of the larger Telpak "C" and "D" services is to become part of the commission's investigation into AT&T's rate structure.

The commission order issued Wednesday implements a Sept. 15 federal appeals court ruling

affirming an earlier FCC decision under which AT&T was to bring its Telpak rates into line with the private line charges.

The order affects virtually all mass communications media as well as more than 1,000 large business firms.

Under the minimum Telpak service, called "A" charges are \$15 per mile per month for 12 voice quality circuits — or 144 telegraph or teleprinter channels. The private line rate is \$1.10 per mile per month for one telegraph channel — compared with about 10 cents under Telpak.

Telpak "A" is a 12-circuit package, while "B" contains 24 channels. Telpak "C" is 60 voice grade circuits and "D" is 240.

The FCC contends that Telpak and private line prices should be the same, since the services are the same.

The FCC had said Telpak rates discriminate against smaller private line users, in effect making them subsidize the larger users.

Eighteen firms intervened in the court case — among them Xerox, International Business Machines, The Associated Press, Twin Coast Newspapers, Inc.; Eastern Air Lines and American Trucking Association.

The trucking group said that if it had to pay private line rates for what it now receives through Telpak, its operations would cost \$47 million more each year. Eastern said its added cost would be about \$27 million annually.

Italy Moving On Flood Aid

ROME (AP) — Spurred by criticism and appeals, the Italian nation stepped up emergency efforts today to help the country's flood zones.

President Giuseppe Saragat called on all Italians to join in a "act of brotherhood which, within the limits of human effort, suffering, pain and needs" of victims in the disaster areas of northern and central Italy.

Labor unions called on their members to contribute up to a day's pay for flood relief. The government, accused by Communists and the deputy mayor of Florence of moving too slowly, ordered round-the-clock truck convoys to carry food, medicine and supplies to Florence.

In Florence, art treasure city of 450,000, the rehabilitation of the city's galleries, estimated that 1,300 art masterpieces had been damaged. "We calculate that to restore everything will take at least 20 years," he said.

Dr. Ugo Procacci, superintendent of the city's galleries, estimated that 1,300 art masterpieces had been damaged. "We calculate that to restore everything will take at least 20 years," he said.

Marines Birthday
DETROIT (AP) — Today is U. S. Marine Corps Day in Detroit, honoring the 191st birthday of the Corps, Mayor Jerome Cavanagh said Wednesday.

More people got more news from newspapers than from all other sources combined.

Airlines Agree On Drink Code

NEW YORK (AP) — After more than six months of discussions aimed at uniformity, seven major airlines have agreed on a code limiting domestic passengers to no more than 4.8 ounces of distilled liquor while in flight.

The agreement, expected to set the pattern for in-flight drinking throughout the United States, is to be filed with the Civil Aeronautics Board.

It was signed Wednesday by American, Braniff International, Central, Continental, Delta, Northeast and Southern Air ways. Other carriers are expected to sign, industry spokesmen said.

The airlines also decided on a charge of at least \$1 for each miniature bottle of 1.6 ounces or its equivalent in all classes except first class where the higher fare covers the drink cost.

Sensing Devices Aid To Bombers

SAIGON, South Viet Nam (AP) — Electronic devices that can spot cigarettes and belt buckles from an airplane several thousand feet high are being used nightly in Viet Nam to ferret out the Communists, an American military source said today.

The source said the United States is using the latest heat and metal sensing devices to find Viet Cong and North Vietnamese moving under cover of darkness.

The demilitarized zone, called DMZ, between the two Viet Nams — now a highway for Red troop infiltration southward — is a regular beat for the super snoopers.

Generals Fete U.S. Marines

DA NANG, South Viet Nam (AP) — U.S. Marines in South Viet Nam celebrated the Corps' 191st anniversary today with ceremonies, steaks, birthday cakes and continuing patrols.

The Communists stayed out of their way.

Generals became delivery men in this area where about 62,000 Marines now are serving. Most of the Marines had an anniversary dinner of soup, broiled steak with mushrooms, potatoes, peas and corn, salad, cake and ice cream.

Helicopters carried the food to units on patrol.

Li. Gen. Lewis W. Walt, commander of U.S. Marines in Viet Nam, delivered eight cakes to units in the Da Nang area. Fifty other cakes were being cut and served by generals of the 1st and 3rd Marine Divisions.

Following tradition, the generals served the first two pieces of cake to the oldest and youngest Marines present.

Maj. Gen. Wood B. Kyle, commander of the 3rd Division, went by helicopter to a boulder-studded mountain south of Hue to cut the cake at the command post of the 2nd Battalion, 20th Marines.

He offered the first piece to Pfc. John Walker of Jones, Mich., 18, a battalion scout.

The second piece went to Staff Sgt. Claude C. Bookout, 31, of Vieto, Calif., a battalion mess sergeant who had helped bake the cake.

At Artillery Plateau, where 30 howitzers point north to support Marines operating below the demilitarized zone, the tent city was named Camp J. Carroll in honor of a young Marine captain killed Oct. 5.

Carroll, of Miami Beach, Fla., was wounded fatally while leading his troops in an attack against North Vietnamese soldiers on Hill 484 several miles from the artillery positions.

Brig. Gen. Lyle F. English, assistant commander of the 3rd Division, unveiled a plaque which said Carroll "died as he lived, a gallant Leatherneck."

Despite the birthday celebration, the Marines made nearly 300 patrols, but there was no significant contact with the enemy, a spokesman said.

The heat detection system uses an infrared-type process and can spot a camp fire or even a dozen soldiers taking a smoke break.

"First they fly over and make a map of an area, for instance the DMZ, when there is nobody there. They know what it should look like then," the source said.

"Then the next time they come across the area, they use the earlier map as an overlay on the scope."

"They fly along out of small arms range until something shows up on the scope and if it is not on the overlay, bombers are called in."

"The metal sensing gear is just as sensitive but doesn't even need heat."

"They do the same thing on it. They fly over and make soundings under normal conditions and then later blast anything that is out of place. If there are half a dozen guys down there with belt buckles or knives or guns or anything made of metal, the plane will know it. In come the bombers and boom! No more belt buckles or people either. It's amazing."

The source said that the detection devices are responsible for some bombing raids that American B-52s make in areas where there is no reported U.S. military activity.

Obituary
EMIL PELTO
Gravestone services for Emil Peltto were held at 8:30 a. m. Wednesday at the Rock Cemetery with Rev. George Olson officiating. Burial was in the Rock Cemetery.

HENRY G. NELSON
Complete funeral services for Henry G. Nelson were held at 1:30 p. m. Wednesday at the Anderson Funeral Home with Rev. Walred E. Nelson officiating assisted by Rev. Karl J. Hammar. Burial was in Lakeview Cemetery.

FRED LEIGHTON
Complete funeral services for Fred Leighton were held at 11 a. m. Thursday at the Anderson Funeral Home with the Rev. Philip Lyon officiating. Burial was in Lakeview Cemetery.

Woman Robs Bank
DETROIT (AP) — A young woman handed a note to Mrs. Patricia Bowman, 38, teller at a Detroit Bank & Trust Co. branch office. The note said the woman had a gun. It demanded money. She got \$500, put it in a green shopping bag and left.

A practical gift,
That's practically
perfect

To some, a practical gift is as welcome as a rainy weekend.
To others, it's just the right answer.

Here's a practical gift, that's practically perfect:
an A&P Gift Certificate.

A handsome certificate with a mailing envelope,
available in all A&P stores all year long.

Offered in \$5 and \$10 denominations, these gift certificates
will be honored in any A&P store in the United States.

When you think about it,
practically anyone who buys food would welcome it.

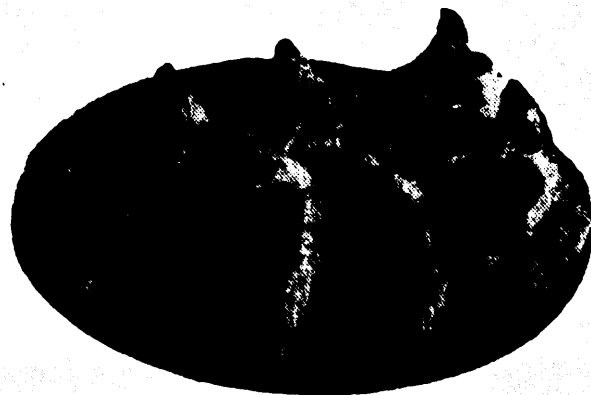

And here's the best part—no one can ever get too many of them.

Republicans Sweep 22 Governorships

WASHINGTON (AP) — Republican he's 48 today — over publicans swept to victory in 22 Democrat George P. Mahoney, who alienated party liberals by campaigning with the slogan "Your home is your castle — protect it."

Eight Democratic-held governorships fell before the GOP surge, with the jewel in the Republican crown Reagan's one-sided triumph in California over Democratic incumbent Edmund G. Brown.

Democrats nibbled back by knocking over the Republican governors of Kansas and Maine, but over-all it was a banner day for the GOP.

Romney boosted his stock in the 1968 GOP presidential nomination sweepstakes with an easy third-term victory in Michigan over Democratic State Chairman Zoltan Ferenczy. Republicans took over from the Democrats in Arizona, Arkansas, Florida, Maryland, Nebraska, New Mexico and Nevada, as well as in California.

The Alabama governorship was kept in the Wallace household when Lurleen Wallace became the nation's first woman governor in 42 years. Standing in for her husband George C. who was ineligible to succeed himself, she trounced Republican Rep. James D. Martin in a race between segregationists.

Republican Claude Kirk Jr., a Jacksonville investment banker, put Florida in Republican hands for the first time since 1872, after accusing his Democratic opponent, Mayor Robert King High of Miami, of favoring Negroes.

Winthrop Rockefeller took Arkansas for the GOP for the first time since 1872 by defeating Democrat Jim Johnson, a staunch segregationist.

Republican Spiro T. Agnew won a birthday victory in Maryland.

Toure Expels Peace Corps

DAKAR, Senegal (AP) — President Sekou Toure has ordered the U.S. Peace Corps and Pan American World Airways out of Guinea in retaliation for Ghana's seizure of a Guinean delegation from a Pan American plane.

Toure's announcement in a broadcast by Radio Conakry, took State Department officials in Washington by surprise. The day before, the department reported that harassment of Americans in the Guinea capital had ceased.

Radio Conakry said the Peace Corps personnel had to get out within a week, Pan Americans landing rights were being revoked, and the airline's office in Conakry was being closed.

Ghanaian officials removed 19 Guineans, including the foreign minister, from a Pan American plane Oct. 20 when the plane stopped in Accra en route to Addis Ababa, Ethiopia, for a presummit conference of the Organization of African Unity. Toure accused the United States of complicity because the airline is American.

Anti-American demonstrations broke out in Conakry and the U.S. ambassador to Guinea, Robinson McVane, was confined to the embassy for 24 hours.

Ensign

Ensign Club
Ensigns 4-H Club reports a membership of 40 young people, 22 boys and 18 girls, enrolled in 14 projects led by 14 adult leaders assisted by 14 junior leaders. The club's average age is 13 years; 4-H national average is 11 1/4 years.

Seventy per cent of the eligible age young people living in the Ensign Club area are enrolled in 4-H Club work; thirty per cent is the national average for a club area. Ensigns 4-H Club has the largest enrollment of junior leaders in Delta County.

Attend Workshop
Ensigner junior leaders attending the tri-county Junior Leader Workshop at Bark River Elementary School, Saturday, were Jane Ann LaCrosse, Jean Novak, Bob Gibbons, Cathy and Tim Fix, Tom, Klint and Dan Safford, adult advisor, Mrs. Mary LaCrosse. Bob Gibbons presented his demonstration, "How to Prepare a Rabbit for Market," and Tom Safford served on the workshop's discussion panel.

Conservation Project
4-H basic conservation members will meet at their leader's home Thursday, Nov. 10, at 4 p. m. Plans will be made for the project study, "Conservation Education for Youth Development and Resource Development." Members are: James Lundberg, Kevin Hansen, Jeff Kuchan, fifth grade students at Rapid River elementary school. Conservation leader is Mrs. Thomas Safford.

Public Speaking
Ensigners 4-H Club has five high school students enrolled in the public speaking project. The first project meeting was held at the home of Mrs. Stanley Dominick Wednesday evening. A tape recorder will be used to benefit the project work. Public speaking enrollees are: Bonnie Hansen, Donna Rasmussen, Bob Gibbons, Judy Hansen and Klint Safford.

Hunters' Sale
A "Welcome Hunters" Bake Sale will be held at Majestic's IGA Store in Ensign Friday, Nov. 11 and continue through Saturday, Nov. 12. The sale sponsored by Ensign 4-Hers was planned by the club's junior leaders. Coffee and doughnuts will also be served.

Election Officials
Ensign Township election officials were: Mrs. Frances Johnson, Mrs. Lorraine Peterson, Mrs. Mildred Lundin, Mrs. Laura Lundquist and Mrs. Lillian Olson. Canvassing the vote on Wednesday were: Mrs. Alice Lundberg, Mrs. Virginia Pajnick, Mrs. Esther Forslund and Mrs. Marie Novak.

Banded Bird Found
The Alex Johnson family of Ensign found a small banded bird in their garage Saturday. The band number was reported to Mrs. Bill Taylor of Ford River. Mrs. Taylor sent the information to the Bird Banding Office of the U. S. Fish and Wildlife Service, Laurel, Md. The service will notify Mrs. Taylor of the bird's identification and she in turn will notify the Johnson family. The bander will also be notified of the bird's journey.

Brightening the day a bit for the Democrats were the races in Maine and Kansas.

In Maine, Republican Gov. John H. Reed, who has held the office longer than any man in history — since December 1950, was ousted by Democrat Kenneth M. Curtis, aggressive young secretary of state.

In Kansas, George Docking, a banker, became the first Democratic governor since his father, the late George Docking, held the office. The loser was Republican Gov. William H. Avery.

President Johnson's political pal, Gov. John B. Connally of Texas, smashed Republican T. E. Kennedy by about 3 to 1.

Reject Tax Levy
HOLLAND (AP) — Voters in this Ottawa County community rejected Tuesday a proposal calling for a special operating tax levy of 5 1/2 mills. The vote was 4,261 to 3,408.

Briefly Told

The Band Boosters will hold a bake sale at Butch's Hardware beginning at 1 p.m. Friday.

The Girl Scout uniform exchange will be held at the James T. Jones School Saturday from 2 to 4 p.m.

George E. Leach, 18, of Rte. 1, Escanaba, was sentenced to 30 days in the Delta County Jail by Justice A. J. Mortier of Gladstone Wednesday after he pleaded guilty to a charge of contributing to the delinquency of minors. Leach was arrested Wednesday by State Police.

The deer season does not open until Saturday, but Marvin W. Arnold, Rte. 1, Escanaba, bagged a 10-point buck in Wells Township Wednesday. Arnold hit the deer with his car on U.S. 2 and 41 in Wells Township at 6:50 a.m., State Police reported.

State Police issued traffic summonses Wednesday to William Williams, 427 S. 15th St., Escanaba, disregarding red light; Woodrow Maki, Negaunee, no proof of insurance; Anthony Notoini, Rte. 1, Gladstone, defective equipment and no proof of insurance; William LaMarche, Rte. 1, Escanaba, defective equipment, no registration or proof of insurance; Lawrence Girard, 317 Ogden Ave., Escanaba, no operator's license on person. Marvin W. Arnold, Rte. 1, Escanaba, was given a notice to appear for no registration plates.

Edward Falka and Frank Meshigaud, both of Rte. 1, Wilson, were fined \$10 and assessed \$6.70 costs by Justice Ray Peterson of Spalding on a charge of carrying an unlicensed gun. Meshigaud was also sentenced to two days in the Menominee County jail and fined \$10 and \$4.30 costs for driving on a revoked license. The men pleaded guilty on all charges.

DO YOU TAKE VITAMINS AND STILL FEEL TIRED?
Here's How To Feel Stronger Fast

Have you been feeling tired and rundown lately? And do you take vitamins yet still feel tired? If so, your trouble may be due to iron-poor, tired blood. Vitamins alone can't build up iron-poor blood. But GERITOL can! That's because just 2 GERITOL tablets, or 2 table-spoons of GERITOL liquid contain 7 vitamins plus twice the blood-building iron in a whole pound of calves' liver. In only one day GERITOL-iron is in your bloodstream carrying strength and energy to every part of your body. Check with your doctor, and if iron-poor blood is making you feel tired, take GERITOL, liquid or tablets, every day. Feel stronger fast—in 7 days—or money back from GERITOL.

In This Corner

with Roy Crandall

Sandberg's leggers established a new single game record at the Bowlamra this week when they blasted a 1111 score in a 2900 match. . . Members of the team and their scores were Dick Nelson with a 236, Mel Bertrand 225, Jack Beck 212, Don Feller 213 and Ed Gravelle 225.

Calumet, paced by fleet George Oikarinen, rolled up an amazing 2,091 yards on the ground this season while winning the Upper Peninsula team scoring championship with 245 points. . . Oikarinen, an outstanding dashman for the Copper Kings in track last spring, carried the ball 164 times for 1,454 yards for a 7.9 average. . . He tallied 20 touchdowns.

Some fans have wondered how Oikarinen's performance this season compares with that of the great Dick Berlinaki of Kingsford and Ron Rubick of Manistique in their prep days. . . Briefly, here's the answer. . . Rubick, in his senior year at Manistique in 1960, scored 29 touchdowns while gaining 1,381 yards in 102 carries for an average of 13.5 per trip. . . Berlinaki, in 1964, scored 28 touchdowns while gaining 1,507 yards in 142 carries for a 10.6 average.

Jon Cameron, former Manistique star, pumped in 26 and grabbed 16 rebounds to lead Suomi College of Hancock to a 116-78 basketball victory over the Calumet Radar Base team this week. . . Dave Verinien, a talented prep performer at Rock and Chancell the last couple of years, tossed in 24 points for Coach Tom Renier's Lions.

Coach Jack Finn's Battle Creek Bearcats have one victory to go before wrapping up the state Class A football championship. . . His gridgers close out the season against city rival Battle Creek Lakeview Friday night. . . Lakeview carries a 4-4 record into the game. . . Central is 8-0 with 257 points against 36 for the opposition.

Two members of Soo's outstanding prep basketball team of last season, Brad Shouldice and Lynn Swan, are candidates for Coach Jack Brighton's Lake Superior State College team. . . Brighton, starting his fourth year at the post, has four lettermen back from last year's team that fashioned a 16-4 record. . . Returning are John Benaim of Piekford, Tom Bour of Holly, Dennis Niederstadt of Bridgeport and Jim Richardson of Grand Lodge. . . Another new candidate for the team this year is Al Morehouse, 6 foot 4 inch former Rudyard star who played freshman basketball at Michigan State.

Freshman fullback Brian Bureby of Oshkosh, State, former Niagara prep athlete, is the fifth leading ground gainer in the Wisconsin State University football conference. . . The ex-Badger gridder has reeled off 383 yards in 66 carries for an average of 5.8 per trip.

Don Trout, new Northern Michigan University swimming coach, will send his team into action in nine meets this season, opening Dec. 3 at Central Michigan. . . Other foes will include Bemidji, Michigan Tech, Wisconsin State-Superior, Wayne State, Eastern Michigan and the NAIA meet in Buffalo, N. Y., in mid-March. . . Trout, a highly successful prep swimming coach at downstate Riverview, succeeds Mike Miloski as Northern's swimming tutor.

Clark Boren, who quarterbacked Marinette to a 27-7 victory over Escanaba a year ago, is a member of the Northwestern University football team at Evanston, Ill. . . Boren, 19, stands 6 feet 1 and weighs 185 pounds.

Several former outstanding Upper Peninsula athletes are among the freshmen basketball candidates at Michigan Tech. . . Included are Dano Dominici of Iron River, Ted Sackeb of Crystal Falls, Darrell Seppanen of Hancock and Bill Farrell, son of Gene Farrell, former Ironwood High School coach who now resides in Madison. . . Farrell played basketball last season at Gogebic Junior College in Ironwood.

Wildcats Are Healthy For Wolverine Contest

EVANSTON, Ill. (AP) — The Northwestern Wildcats are preparing for Michigan Saturday with little to howl about except one significant development:

For the first time in a month they have come out of a game without injury to a first stringer.

"You might say we are at our best physical condition in four games, but that's not saying a great deal since over the whole season our injuries to regulars have been cumulative," says coach Alex Agase.

"I don't expect our boys to lose confidence. They are a scrappy bunch and they're in there giving everything they've got."

"Michigan is a sound team and does everything well. We know we'll need a peak effort Saturday."

After the 28-13 defeat by Minnesota last week, which reduced the Wildcats' Big Ten record to 1-3-1 and season mark to 3-4-1, offensive guard Ron Silver was the only injury.

Northwestern upset Michigan 24-22 last year and the Wildcats, heron of that game is running as well as ever right now. The Wolverines won't forget fullback Bob McKelvey who had his greatest day by ripping 130 yards in 35 carries and scoring twice.

He heads the rushing department now with 318 yards in 94 carries complemented by Woody Campbell with 282 in 83 and sophomore Chico Kurawski with 169 in 33.

"JUST LIKE A CAT," said heavyweight champion Cassius Clay as he mugs for the cameraman at a brief physical examination with Cleveland (Big Cat) Williams, left, in Houston Wednesday. The two will clash Monday, Nov. 14 in the Houston Astrodome. In background is Joe Louis, former heavyweight champ. (AP Wirephoto)

Spartans Sure To Face Hoosier Aerial Attack

BLOOMINGTON, Ind. (AP) — Indiana's Hoosiers, grim but conceding nothing, took it easy on contact work this week as they braced for the invasion of Michigan State's mighty Spartans Saturday.

The Hoosiers are well aware that undefeated Michigan State needs a victory to wrap up the Big Ten football title and needs a big win to enhance its national ranking. The Spartans currently are No. 2 behind Notre Dame.

Michigan State is likely to see

a lot of the Frank Stavroff-Bill Couch aerial combination that threw a scare into the title-bound Spartans a year ago, when Indiana led 13-10 into the fourth period before bowing 27-13.

Couch, then a sophomore, made his first start against Michigan State and caught five passes.

Both Stavroff and Couch are reaching for Indiana passing records.

Stavroff, a senior, has completed 184 passes for 2,262 yards. The school records are 188 passes for 2,434 yards, set by Lou D'Achille in 1950-52.

Couch, with 40 catches this year, is approaching the one-season mark of 46, set last year by Bill Malinchak.

Coach John Pont's decision to ease up on contact work in practice this week was based partly on a lot of minor injuries, but he expects everyone to

be ready to go Saturday.

The Hoosiers carry a miserable 1-6-1 record, but they have been outclassed only once, by Texas 35-0. Last week they lost 7-0 to Ohio State, which three weeks earlier held Michigan State to its smallest victory margin at 11-8.

Montana Boxer Gets Big Boost

NEW YORK (AP) — Roger Rouge of Anaconda, Mont., was named Fighter of the Month by Ring Magazine today for his impressive victory over Eddie Cotton in a clash of leading light heavyweight contenders.

In announcing the award and issuing its monthly ratings, Ring said "Rouge now is the No. 1 contender for the light heavyweight title and no longer is to be ignored by champion Jose Torres."

Rough Saturday On Tap For Michigan Grid Foe?

ANN ARBOR (AP) — If Michigan follows form, this could be a rough Saturday for Northwestern.

Three weeks ago the Wolverines pushed Purdue all over the field here, but a series of mistakes cost them a narrow victory, 22-21.

The next week Michigan put together a nearly perfect game and crushed Minnesota 49-0. Last week the Wolverines shoved Illinois around well, but a defensive lapse gave the Illini a touchdown on a long punt return. Later, with Michigan going for the touchdown that

would have made it 28-20 and put the game on ice, Bruce Sullivan picked off a Dick Vidner pass and raced 86 yards for what proved to be the winning Illinois touchdown.

So if the Wolverines are aroused, they could make it mighty rough for the so-so Wildcats. Pride brought Michigan back after three straight losses earlier this season, capped by the heartbreaker to Purdue.

Michigan is 4-4 over all and 2-3 in the Big Ten going into its last home game of the year. Northwestern is 1-3-1 in the conference and 2-5-1 over all.

The Wolverines suffered no major injuries against Illinois. Clayt Wilhite, a senior end hurt earlier in the season, will return to action.

Capt. Jack Clancy and first stringers Henry Hanna, Don Bailey, Jim Hribal, Jim Dewiler, Carl Ward, Dave Fisher, Frank Nunley, Barry Dehlin, John Rowser, Mike Eass, Rick

Sygar and Rick Volk will be playing their last home game for Michigan.

Alex Agase, Northwestern Coach, said "You might say we are at our best physical condition in four games. I don't expect our boys to lose confidence."

Northwestern lost 28-13 to Minnesota last week, a team that Michigan slaughtered. But last year Northwestern upset Michigan 34-22 and return with fullback Bob McKelvey, who ran for 138 yards and two touchdowns against the Wolverines last year.

Michigan's biggest threat comes on the wide runs of fullback Dave Fisher, the speed and desire of halfback Carl Ward and the great passing combination of Dick Vidner to Clancy.

Clancy caught 11 passes for 179 yards against Illinois last week to boost his receptions to 67 for 832 yards, both school records.

Cat's Manager Out-Talks Clay

HOUSTON (AP) — Cassius Clay says he has found a man who talks too much.

The heavyweight champion was referring to Hugh Benbow, manager of Cleveland Williams, who challenges Clay for the heavyweight title in a scheduled 15-round Monday night in the Astrodome.

"Benbow talks too much, man, and I have to take it out on you when I really want him," Clay told Williams during a preliminary physical examination. "You don't have to worry about that," Williams answered. "I'll be there."

Clay and Williams were about even in the battle of the mouths until Benbow, a Houston oilman-rancher, arrived and took up his fighter's cause.

Benbow hurled insults at the grinning Clay throughout the rest of the ceremonies.

"You're scared to death," Benbow yelled at Clay. "For the first time you're fighting somebody who won't lay down when you tell them to. Old as I am I could whip you in an honest fight."

Clay just smiled and continued to tease Williams.

Dr. Arthur Moers, state appointed ring physician, examined the two men Wednesday and declared them in top physical condition. Clay weighed 208 and the challenger 216 1/2.

Five Lettermen Back In Action On Eagle Quint

ENGADINE — A dozen candidates, including five lettermen, are drilling daily for the Engadine High School basketball team which will open the season Nov. 15 against Garden.

Coach Rod Carlson's team lost eight letter winners from last year, including all conference forward Richard Ozanich, Dave Frazier, Dennis Belleville, Clarence Boucha, John Blanchard, Nelson Hurst, John King and Leon Buss. The Eagles fashioned an 8-10 record last season.

Jack Archie, 6 foot 3 inch regular, scored 206 points last year. Other returning letter winners include seniors Roger Nesbit, Jim Legault, Mike Bigger and Gerry Blanchard.

Another senior candidate is Tom Burton. Juniors up from the jayvee team include Clifford Walmsley, Bill Barber, Mike Schutt, Daryl Houghton, Walter Frazier and Gordon Belleville.

The Engadine schedule: Nov. 15—Garden here; Nov. 19—DeTour here; Dec. 3—Cadaville here; Dec. 3—Grand Marais there; Dec. 9—Loretto here; Dec. 13—Nahma there; Dec. 17—Brimley here; Jan. 6—Piekford here; Jan. 13—Cadaville there; Jan. 21—Garden there; Jan. 24—DeTour here; Jan. 27—Grand Marais here; Jan. 31—Cooks here; Feb. 10—Loretto there; Feb. 17—Brimley there; Feb. 25—Piekford here.

Runners Face Busy Schedule

EAST LANSING (AP) — Michigan State's cross country team will race from the Big Ten title and then an eastern championship within three days this weekend.

The Spartans will compete in the Big Ten four-mile title run at Madison, Wis., Saturday, then go to New York for the ICAA championship at five miles Monday. They finished second in the Big Ten in 1964 and 1965.

Colts Call No. 98 Out Of Retirement

BALTIMORE (AP) — Jersey No. 98, retired by the Baltimore Colts when defensive end Geno Marchetti left the National Football League battlefields after the 1964 season, will be reissued to Marchetti.

The Colts announced Wednesday night that the 255-pound defensive lineman was to report to practice today to begin getting into condition to hit.

He said earlier this week that he had been playing handball

and had remained in good physical condition, and remarked Wednesday night that he was just six pounds over his 1964 playing weight of 249.

An offensive end when he entered the NFL in 1952 from the University of San Francisco, Marchetti became a defensive end in 1954 and was named All-Pro and later All-NFL at that position from 1956 through 1963.

His return to action following almost two years of retirement came at the request of the club, which asked waivers on injured defensive alternate Andy Stynchula to put Marchetti on the roster.

"It was a tough decision to make," said Marchetti, who'll be 40 on Jan. 2. "I just hope I can help."

"He'll have to play both inside and out (tackle and end), like Stynchula did," said Coach Don Shula.

"I have no qualms about playing tackle," said Marchetti, part owner of a chain of hamburger carry-outs and cafes named for himself and a vice president of A-G Foods Inc.

"I have played there before and if that is where the coaches feel I can help most, that's where I'll be."

Wolverine End To Miss Game

ANN ARBOR, Mich. (AP) — Wolverine defensive end Bob Mielke broke a bone in his right hand during practice Wednesday and will miss the last Michigan home game Saturday.

Mielke will be replaced in the game against Northwestern by sophomore Jerry Miklos, who will be making his first start.

Miklos has previously alternated with Mielke in his defensive slot.

Practice was held in wet weather for the second straight day. The team emphasized its running game.

Northern Fields Wrestling Team For First Time

MARQUETTE — The first inter-collegiate varsity wrestling schedule in the history of Northern Michigan University was announced today by Dr. Rico Zenti, director of athletics.

Opening Dec. 3, Wildcat wrestlers will participate in seven dual meets, one triangular match and four quadrangulars, concluding the season March 16-17 with the NAIA tournament in Lockhaven, Pa.

Ed Brown, Northern's coach, reports a great deal of interest for the sport in its introductory season.

"We have a group of two dozen boys trying out for the squad," said Brown. "We have mostly first year men, and I know we'll be weak in a few weights, but I'm very pleased with the interest. There's a lot of enthusiasm, and that's important in getting a sport started."

Spartans Pace College Figures

CHICAGO (AP) — Baffling a champion, Michigan State has taken over top place in three of the four major team statistical categories in Big Ten football.

The No. 2 unbeaten Spartans lead in total offense with an average of 348.7 yards a game; total defense, with an average yield of 208.5; and rushing with 228.5. Indiana, their foe Saturday in a Big Ten finale, is third in rushing, fourth in total offense and fourth in passing.

MSU is not among the top five in passing, which is topped by Purdue with a 182.8 average. Michigan, host to Northwestern, is second in each department while sharing fifth in the conference race.

THE HIGH BALL goes to the man with the longest arms, Wilt (The Stilt) Chamberlain of Philadelphia in a rebound battle with Don Reed (20) who is 6 feet 5 inches tall. Action took place in Philadelphia-Detroit Piston game at Madison Square Garden. (AP Wirephoto)

Tennis Helps Pro Gridder

NEW YORK (AP) — So you want to play pro football. Try tennis first.

That's the word from Johnny Robinson, Kansas City's all-league safety who today was named Defensive Player of the Week in the American Football League by The Associated Press for the key role he played in the Chiefs' 24-14 victory over San Diego last Sunday.

"Any good tennis player with fair size could become a good defensive back," said Robinson. "Tennis helped my coordination and footwork. It taught me how to move laterally and how to backpedal. It's the finest training a defensive back can have."

Robinson needed that backpedal — he had been a stand-out tennis player as well as football star at LSU — when Chiefs Coach Hank Stram pulled him off the offensive team in 1962 and put him in the secondary. "At the time," Stram ex-

ROCKET RECOVERY may be accomplished soon by means of balloon-parachutes ("bal-lutes") as depicted in the above drawing. Pictured are the proposed phases of a returning S-IVB stage of a giant Saturn launch vehicle from an orbital mission to a landing on plains in the western Texas region. Details of the recovery plan were outlined recently by three Douglas Aircraft Co. engineers at a meeting of the Astronautical Federation in Madrid, Spain.

Boasts 76-Year Voting Record

BRANT (AP)—George Luttenbacher didn't let his 97 years prevent him from continuing his 76-year-old record as an active voter Tuesday, but he wouldn't say how he voted.

"That's my business," he said.

Luttenbacher has lived in Brant Township in southern Saginaw County for the past 94 years, in the same house for the past 50.

He first voted in 1890, the year he turned 21. His first presidential election was in 1892, when Grover Cleveland beat President Benjamin Harrison.

Luttenbacher said he couldn't remember who got his vote in that election.

Queer Cash In Canadian Raid

WINDSOR, Ont. (AP)—Plates used to print \$1.22 in counterfeit U.S. \$20 bills were sought today as Canadian police probed a suspected international counterfeiting ring.

The bogus money and \$10,000 in stolen Canadian postal money orders were seized Monday in a raid on a Windsor hotel, police said.

Charged with unlawful possession of Canadian postal money orders was James A. Hertrich, 23, of Toronto. Four others picked up in the raid were released for lack of evidence, officers said. Hertrich is held under \$10,000 bond, pending a court appearance Nov. 17.

Remus Reelected

DETROIT (AP)—Dr. Remus Robinson, former president of the Detroit Board of Education, was elected Tuesday to his third six-year term on the board.

Voters also elected Patrick A. McDonald to his first board term, replacing Mrs. Louise Grace who will retire in June.

MEA Is Chosen

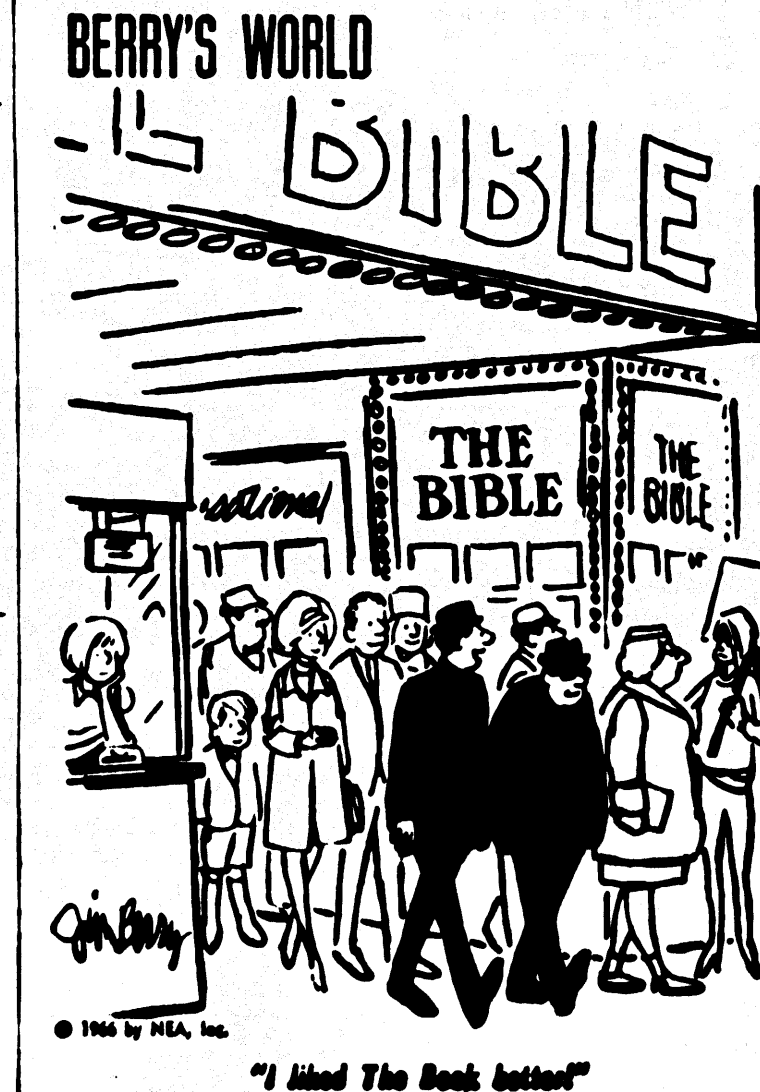

GRAND RAPIDS (AP)—Grand Rapids teachers chose the Michigan Education Association as their sole bargaining agent in an election Wednesday.

The MEA received 1,151 votes to 172 for the Federation of Teachers.

Manistique News

Art Club Elects Officers

The Manistique Art Club has elected Mrs. Dean Rhoads president, Mrs. Patrick LaFave, vice president, Mrs. Charles Schuetter, secretary and Mrs. Dorothy Conlin, treasurer. Committee chairmen will be appointed at the December meeting. Plans for an art tea Dec. 3 were discussed.

Births

A daughter weighing 7 pounds 3 1/2 ounces was born Nov. 8 in Schoolcraft Memorial Hospital to Mr. and Mrs. Donald J. Carlson, Rte. 1. Mrs. Carlson is the former Patricia Mae Archey.

Personals

Mrs. Fred Nelson of Pismo Beach, Calif. is visiting her sisters, Mrs. Ada Watson and Mrs. Cal Stevens and with other relatives.

Briefly Told

A Christmas tea using the theme "Christmas in Germany" will be held at Fairview School Tuesday, Nov. 29 at 7:30 p.m., with Atwater group in charge of arrangements.

State Police ticketed Florimand Vanderwall, Rte. 1, non-stop; Frank R. Wilcox, Gulliver, Calvin C. Lighthill, Owosso, Charles P. Hodgkinson, Lathrup Village, speeding; Eldon P. Schneider, 110 S. 4th, driving without lights, Gloria J. Vallier, Gulliver, improper left turn.

Fine of \$70 and costs of \$2.70 were assessed Michael P. Bosanic, 44, of 345 N. Cedar St. in Justice Court on a charge of driving under influence of liquor. A guilty plea was entered. His license has been suspended.

Mrs. Harvey McLaughlin received word of the death of her brother, Kenneth Bodwin in Washington, D. C. Monday.

A story hour is scheduled Saturday at 11:30 a.m., in Lincoln School for children three and older.

A car owned by Sandy McLean, 308 N. 4th St. had minor damage Tuesday when it caught fire from the carburetor while being started. Public Safety officers were called.

Cabin Burns

A 3-room cabin of William Tigas in Section 33, T43N, R15W was destroyed by fire sometime after it was readied Sunday for the hunting season. State Police report an explosion appeared to have taken place, apparently accidental.

Hospital

Admitted to Schoolcraft Memorial Hospital were Elsie Fleck, Peter Thelander, Wilma Reed, Victoria Coveyou, Cindy Walters, Lester Goudreau, Patricia Carlson, Marie Burns, Virgil Henry, Louise Marcus, Helen Dorenbecker, Carl Peterson, Nora Williams, Lillian Houghton, Gertrude Stephens and Frank Rubick.

Discharged were Lucille Rochefort, Polly Jackson, Zita Robere, Otto Johnson, Rachel McAlpine and Gertrude Stephens.

Lapeer Police Post Is Opened

LAPEER (AP)—State Police formally opened a new post at Lapeer Wednesday with department director, Col. Frederick Davids, presiding at the ceremonies. The 10-man post is commanded by Sgt. Raymond A. Dedenbach.

Reagan Gathers Mixed Band For His Lieutenants

LOS ANGELES (AP) — Ronald Reagan, California's newly elected Republican governor, has surrounded himself with a mixed band of youthful moderates and middle-aged conservatives for his assumption of power in January.

Among the most influential probably will be the new lieutenant governor, Robert Finch, generally considered a moderate although some right-wingers label him liberal. He is the only political pro in Reagan's ranks. He managed Sen. George Murphy's successful campaign in 1964 and former Vice President Richard M. Nixon's unsuccessful ones for president in 1960 and for California governor against Gov. Edmund G. Brown four years ago.

Many Amateurs

Reagan realizes Finch's value in government; that his other aides are political amateurs.

Reagan's first two actions pointed up the two sides of his team.

As his executive secretary and "strong right arm," Reagan named Philip M. Battaglia, 31, a Los Angeles attorney and a loyal supporter of U.S. Sen. Thomas H. Kuchel. Battaglia, Reagan's campaign manager, has argued with conservative Republicans who want to dump Kuchel in 1968.

A.C. Rubel of Los Angeles, a former oil company president associated with conservative causes, was named chairman of a task force to screen prospective appointees.

Reagan noted Wednesday that Rubel had fought in 1958 for a state right-to-work law, a law the governor-elect opposed. Reagan said he didn't think this would cause conflicts or interfere with Rubel's usefulness on the task force.

They're Conservatives

Rubel and two other Los Angeles businessmen considered

conservatives — Henry Salvatori and Holmes Tuttle — provided the money for Reagan's first campaign efforts last year and have been bankrollers since. Salvatori was campaign finance chairman.

Possibly more influential than anyone else was William Roberts, partner in the campaign counseling firm of Spencer-Roberts and Associates of Los Angeles which signed with Reagan in May 1965.

Roberts has been with Reagan constantly and, along with his partners, fashioned the campaign that defeated Brown.

It all added up to a complex combination of feuding elements of the Republican party. Moderates and conservatives argued angrily behind closed doors during the campaign, but toward the end Battaglia reportedly claimed victory.

Area Advisory Committee meets In Bark River

A meeting of the Area Policy Advisory Committee was held in the multi-purpose room of the Bark River-Harris Elementary School Friday night with Henry W. Boyle presiding. A guest, Chester Good, supervisor of Harris Township, was present with six members of the committee.

Richard Hendra, superintendent of Bark River - Harris Schools, who has moved to Lansing, leaves a vacancy on the board which will be filled in the near future.

Mrs. Carl Peppiatt, Bark River, who is also a member of the legal service committee, reported that an attorney has been appointed to serve Menominee, Delta and Schoolcraft Counties.

A report on the Senior Housing Project meeting held at the Powers-Spalding School, Oct. 12, was also given. The members announced they will continue with plans for the project.

Mrs. Peppiatt, Paul Nickell, Bark River, Joseph Sagataw, Wilson all members of the governing body and Mrs. Edward Beauchamp, Wilson area representative attended the Tri-County Governing Body meeting in the state building, Escanaba on Saturday afternoon.

The next meeting of the Advisory Committee will be held Thursday, Dec. 8, with the place to be announced later. Literature on the program was available to all attending the meeting.

Farm Bureau

The Delta 426 Farm Bureau met Tuesday at the home of Ed Marenger, with chairman, Lowell Steff presiding. A discussion on "Critical Road Needs", was led by Clayton Ford. Plans for a Christmas party were made with Mrs. Irene Marenger appointed to make arrangements. A social hour was held after the meeting.

OFFICERS OF LITCO one of the three Escanaba Junior Achievement companies, are (from left) Kathryn Pultz, secretary; Julie Berntsen, president; John Gucky, vice president; Karen Anderson, treasurer; and Mike Moberg, vice president. Club Waitresses Were Topless; Business Doubled

NEW YORK (AP) — Topless waitresses made their first publicly known appearance in New York City Wednesday night in what may prove to be a test case against local cabaret laws. Police handed out summonses.

Ruby Diamond, 28, who measures 37-26-36, and Mary Rooney who is 24 and 39-24-37, each wore only two black tasseled pasties — about the size of a silver dollar — on their chests as they served patrons in the Crystal Room supper club on the East Side. Each also wore dark tights and short wrap-around aprons.

Early today, police issued summonses to the two blondes and to the supper club for Criminal Court Nov. 14.

"The manner in which the girls were attired is in conflict with the cabaret rules and regulations," a police spokesman said.

A spokesman for the club said business doubled Wednesday night.

Scientists Plan Eclipse Flights

BUENOS AIRES, Argentina (AP) — Five planeloads of U.S. scientists are making final preparations for flights over the South Atlantic to observe a total eclipse of the sun Saturday.

In a dress rehearsal Wednesday, three converted C130 cargo jets took off from Buenos Aires and joined planes from Rio de Janeiro and Porto Alegre, Brazil, over the ocean.

The planes will serve as flying laboratories Saturday while the scientists study the sun during the brief period when the moon blocks its blinding light.

With cameras, photometers, infrared rays, ultraviolet light and much other equipment, the scientists plan to measure radiation, polarization, brightness, infrared bands, corona intensity and other solar and lunar information.

Court Rebuffs Doe Hunt Foes

LANSING (AP) — Deer hunters who hoped to further limit the shooting of antlerless deer in Michigan lost their case in the state court of appeals Wednesday.

The Michigan Deer Hunters Association also had sought to abolish the lottery system of issuing antlerless deer permits and to prevent the State Conservation Department from issuing paper deer tags.

The court denied the group's request "for the reason no basis for granting the same appears." It did not elaborate.

The group, represented by Cyrus Atlee, a Gladwin attorney, contended the Conservation Department exceeded its authority in setting up antlerless deer hunting areas for the season opening Saturday in the Upper Peninsula and Nov. 19 in Lower Michigan.

The legislature limited the department this year to allowing antlerless deer shooting areas on the basis of crop damage caused by deer or food shortages for the whitetails.

bowling lanes go gas

WITH IC HEV-E-DUTY POWER GAS BURNERS

More and more cost conscious people are switching to gas heat . . . And when they do, they specify and install Industrial Combustion HEV-E-DUTY Power Gas Burners. IC burners are in use throughout the world with a fine record of savings and performance. Whether you plan to build or convert, remember, IC burners can be easily installed in existing furnaces and boilers.

Whether you make the heating decisions for supermarkets, apartments, schools or commercial buildings — IC burners give you the quality and savings you can bank on.

- Gas heat ends storage and delivery problems.
- Gas heat costs less
- IC Gas Burners operate automatically and are easy to maintain
- Easily installed in your present heating plant
